## Township Proposed North

By ELAINE PEEPLES

Canyon's city commission discussed annexation north Monday in light of a letter of intent to incorporate six sections north of Canyon into a township, village or city.

George Louder, city manager, said the township proposal was discussed by city commissioners following their regular meeting Monday.

Emil Prati addressed a letter of intent to incorporate to the Randall County Commissioners Court Monday.

The area included in the proposed incorporation begins one mile south of McCormick Road and ends at Palo Duro Club Road and the area is two miles wide,

one mile on either side of the Canyon Expressway.

The letter to the commissioners court was signed by Emil Prati and stated a majority of the residents residing and owning property in Sections 1, 2, 31, 32, 33, and 34 of Block No. 1 publicly proclaim intention to incorporate the above-described area as soon as legally possible and as defined in the statutes of the State of Texas.

The letter continued, the commissioners court of Randall County would be petitioned to call an election or referendum for the above-stated purpose.

In order to incorporate, the area must contain 200 residents and the density determination would be made by Judge Woody Pond.

Prati said Wednesday afternoon he hoped to set up a meeting of the residents of the area in about two weeks to discuss the pros and cons of the incorporation.

He said he had contacted about 10 to 20 persons who live in the area and they all agreed with the proposal.

The main purpose of the incorporation should be to give the people in the area the opportunity or privilege of self-determination.

"We are country folks and we like the freedom inherent in country living," he stated. "We are capable of chartering our own course without the help of either the city of Amarillo or the city of Canyon," he added.

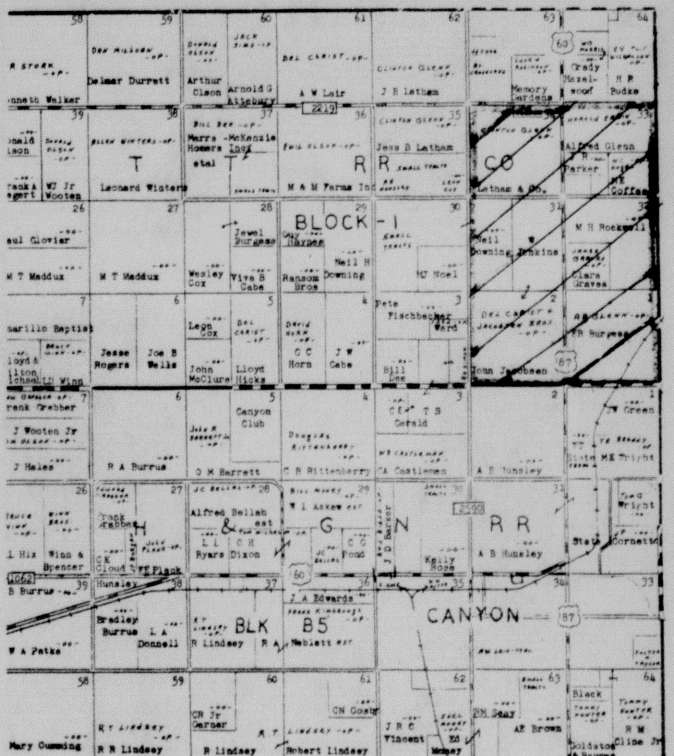

Another reason for the incorporation is to keep businesses of an obnoxious nature out of the area, Prati declared. He said the people in the area did not need any of the services provided by Amarillo or Canyon such as water, sewer and police protection.

Prati indicated he would not contact the city of Amarillo about the portion of the area which extends into the extra-territorial jurisdiction of Amarillo.

He said if the residents approved incorporation the actual boundaries of the area would be determined.

The area of proposed incorporation does not reach into the territorial jurisdiction of Canyon but it does include one mile of the territorial jurisdiction of Amarillo.

The extra-territorial jurisdiction of Canyon is one mile (See TOWNSHIP, Page 10)

## School Board Okays Self-Evaluation Plan

The Canyon School Board approved a two year self-evaluation program for all the school campuses beginning in September, at their Tuesday meeting.

The self evaluation is necessary every 10 years to meet the requirements for accreditation by the Southern Association of Schools and Colleges and the Texas Education Agency.

Superintendent Jerry Jacobs told the group that the Canyon School system was very unique in that all the campuses in the system were accredited. He said he thought there was only one or two schools systems between Abilene and here that had all campuses accredited.

"This self evaluation program helps us maintain accreditation on all campuses. We will set up a steering committee and will need to hire one or two consultants to help us stay objective in this study," said Jacobs.

After an initial report is filed a

visiting committee will be appointed with the help and approval of the Southern Association, who will evaluate from another standpoint.

The initial report should be filed by the end of next school year. "During the summer of 1973 some corrections will try to be made from the recommendations of the committee," Jacobs said.

The evaluation committee will reconvene in the fall of 1973 and should make a final report in January of 1974. The visiting team will come in March to do their study.

"The cost to the school system should be \$4,000 to \$4,500," added Jacobs.

The trustees also approved moving the cutoff date on the teacher retirement policy from Sept. 1 to Aug. 15, which will mean any teacher reaching their 65th birthday on or before Aug. 15 will be retired before school begins in

## News Holds Open House

The Canyon News will hold open house from 2 until 4 o'clock Sunday afternoon at its new location at 1500 Fifth Avenue.

The publication is now housed in a 6,000 square foot building which once housed Bellah's Supermarket.

Front portion of the building is carpeted and paneled. In this area is the lobby, the bookkeeping department, editorial and advertising departments.

Office of Publisher Troy Martin is housed in this portion of the building also.

Contractor for the remodeling was Sternberg Lumber Company. Carpenter work was supervised by Max Bosley. Wayne Wirt did the electrical work and Dale Brock the plumbing.

Carpeting was by Mark Davis Company of Amarillo. Haley Printing and Office Supply supplied most of the furniture while the publisher's office was furnished by the Furniture Galleries.

"If we had started from scratch to design an offset plant the shell

of the building would have been about like the one we found," said Martin.

Some 4,000 square feet at the rear next to the editorial department houses the composition de-

partment.

Two AM computers and four high speed computer input machines are located in a 500 square foot, sound-proof room which was once the frozen food locker of the grocery firm.

The newspaper's dark room is located in what was a smaller freezing room. These rooms have walls insulated with 12 inches of cork.

The company's computers have a maximum capacity which is capable of producing an average size Canyon News in something like 38 minutes.

Established in 1896, The Canyon News is in its Diamond Jubilee year this year.

The Stayer, forerunner of The Canyon News, was established by Mrs. R. W. Morgan. Later editors included George Brandon, R. A. Terrill, L. B. Christman and Clyde W. Warwick.

Warwick took over operation of the paper in 1910 and was editor until he retired in 1955 due to ill

### Judge Issues Court Order

Randall County Clerk LeRoy Hutton asked for a district court order directing Randall County to deliver the computer program for the election to the programmer at West Texas State University.

The court order was issued by Judge E. E. (Gene) Jordan in 47th District Court Tuesday.

Hutton said under the law, without the court order, the program must be burned or shredded along with the ballots cast in

### Says Romanian Princess

## Reds Still Danger

By TROY MARTIN

Wherever you find communism you find total dishonesty, total cruelty, total depravity, Princess Catherine Caradja of Romania told a gathering at First Baptist Church Sunday night.

She warned that communism has not deserted the principles laid down by the Marxist genius Lenin.

The father of modern communism advocated use of professional revolutionaries to

foment strife in countries torn by internal disorder, she said.

"The princess said Lenin was so successful that his methods still are being used today.

"I know what it is like because I lived it," said the princess who lived for eight years under communist rule in Romania before escaping to the free world.

"You can't pass on what you have lost," she went on recounting how her country fell under the red tide along with the remainder of Eastern Europe at the close of World War II.

"If the reds win an election it is not a matter of voting them out next time. If they win an election there will be no more elections.

"It is you who are in danger because you don't realize the depth of the danger you are in."

She said that just as they did in Europe and Russia, professional revolutionaries are at this moment plotting the downfall of the United States.

Princess Caradja told of her experiences under the red regime in her country.

### Gas Charter Is Tabled By City Dads

Canyon city commission Monday night decided to table for further study a proposal by Pioneer Gas Company that its old franchise be extended rather than a new franchise agreement drawn.

Present franchise of the company expires July 14.

The present franchise does not include some of the provisions provided under the city charter adopted by Canyon about 12 years ago. City Manager George Louder said the charter provi-

Quality Motel in Amarillo.

An aide in Price's Amarillo office said the meeting will be held to clear up some of the questions and problems caused by the scabies dipping regulations.

Also attending the meeting will be Cong. Graham Purcell, Dr. H. Q. Sibley, state veterinarian for the Texas Animal Health Commission, Dr. James Young, veterinarian in the Amarillo office for the Health Commission, and Dr. Bob Anderson of Fort Worth, commissioner of Health Commission.

Bob McCasland of the Randall County Farm Bureau said, "We think that the people in the Texas Animal Health Commission have given the scabies problem a considerable amount of thought and done a great amount of research. We don't want to say we are opposed to dipping in general, we just want the Commission to consider the stocker cattle."

He explained, stocker cattle at the time farmers buy them weigh from 350 to 400 pounds. The farmer takes them back to the farm and fattens them up to 750 to 800 pounds, before they are ready for the feedlot.

"If a stocker cattle buyer wants

to have his cattle dipped, that should be his prerogative, but he shouldn't have to have them dipped if he doesn't want," McCasland demanded.

"We spend 200 to 250 days getting our cattle up to the proper weight," explained Al Bueck of the Randall County Farmers Union. "At Monday's market prices we could have made about \$65 a head for stocker cattle. That \$65 represents 200 to 250 days of work, without having the added expense of dipping, without having a high death rate brought on by dipping. I only have to truck my cattle about 35 miles. Some farmers have to truck them quite a bit farther."

If the market went down just seven cents a pound, we would be just breaking even," Bueck declared. "So the profit of margin is pretty small."

Bueck estimated dipping costs at 35-45 cents a head and approximately \$1 per head shipping fee, one way. "Aside from that expense your death rate can go way up. When you buy the cattle at market they have already been shipped once and many of them are weak and/or sick. The normal death

## State Delegates Elected At Political Conventions

### Demos Endorse Combining Potter-Randall Counties

Randall County Democratic Convention Saturday night voted for the merging of Randall and Potter Counties.

Strong, outspoken supporters of George McGovern pushed a resolution which proposed a decrease in the US military budget, further accommodation with the communist powers and increased federal spending on internal needs of the nation.

This resolution was shouted down.

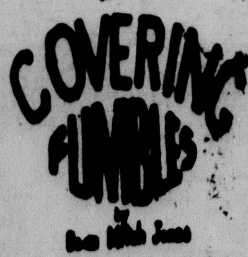

The proposal to merge Potter and Randall Counties was made by David Stults, an Amarillo school teacher, from Precinct 20 in South Amarillo.

Vote on the measure was 118 to 72 with bulk of the opposition coming from rural areas of the county. However, Canyon's largest precinct, Precinct 6, was evenly split voting 11 to 11.

The resolution cited economy,

efficiency and convenience as causing the need for such a merger.

Stults said Amarillo is the

largest city in Texas cut by a county line.

An earlier resolution to combine governmental entities of the two counties was voted down. Objection to it lay in the fact that it called for merging schools, hospital districts and other subdivisions within the two counties.

A short, sharp exchange erupted over whom the convention would commend. A resolution from the resolutions committee called for commending several Democrats holding elective office.

Dr. Sam Fine objected because the list did not include former senator Ralph Yarborough. Dr. Fine was stung two years ago when the county convention openly snubbed Yarborough who had just been defeated by Lloyd Bentsen.

### Lawyers As Judges Endorsed By GOP

The Randall County Republican Convention passed a resolution Saturday favoring legislation requiring all judges to be licensed attorneys by a vote of 92 to 70, the closest vote on any issue in the convention.

Dick Brooks was elected permanent chairman of the convention and 27 delegates and 32 alternates were elected to attend the Republican state conventions June 13 in Galveston and Sept. 19 in Ft. Worth.

Two hundred nineteen delegates representing 17 precincts attended the convention.

Delegates to the convention passed 19 resolutions with little dissension on any of the votes. The delegates commended President Richard Nixon's decisions concerning action taken in Vietnam and endorsed

Vice-President Spiro Agnew for re-election with enthusiastic applause.

One dissenting vote was cast on both these resolutions. The convention passed a resolution in support of the constitutional amendment

FROM THE

CANYON RIM

If you don't like George McGovern for President then you shouldn't vote for Ralph Yarborough for US Senator in the June runoff.

We've been saying for years that Ralph Yarborough and George McGovern are political brothers.

The Randall County Democratic convention should prove our point.

Key supporters of Ralph Yarborough in this community also lined up as delegates committed to McGovern.

These same delegates pushed a resolution urging the national Democratic Party to adopt a 1972 plank pledging a US decrease in military budget, abatement of belligerence, more accommodation with the communists and pursuit of peaceful policies abroad.

To support such a plank it

would seem necessary to take the position that the US faces no danger from abroad and is wasting money on national defense, that this country is belligerent and spoiling for a fight, that the communists are not such bad folks and we should get closer to them and that warlike America is not a good citizen of the world and should behave.

If you believe this is true then you should vote for George McGovern and Ralph Yarborough.

On the other hand, I think that if you feel that the Russians are not building armadas for Breshnev's bathtub or nuclear hardware for a New Year's celebration you ought to vote for leaders who want to keep America's guard up.

\*\*\*

Kandall County Democrats by an overwhelming majority voted

to back legislation which would lead to the merging of the county with Potter County.

One of the reasons for pushing the merger is economy and another is efficiency of government. A third reason is convenience.

Let's take economy. Potter County has always boondoggled. Their county government is much more expensive than Randall's. That's the reason they're always trying to get us to go partners with them on something so we can stand some of the expense.

Consider efficiency. Look at the metro squad. Its accomplishments to date haven't been much to brag about. It's a prime example of merger.

As for convenience: Did you ever try to get a parking place within three blocks of the Potter County court house when district court was in session?

But to cap it all off, Potter County is corrupt and has been since I've known anything about it. I'm not speaking from hearsay. I was a police reporter in

Amarillo for three years for a daily newspaper.

The bawdy houses, the gin mills and the gambling houses may be shut down for a few weeks or months but like the hydra, you chop one head off here and another one appears over there.

If the people of Randall County want to merge with Potter on these terms more power to them but I think when there is a wedding each party should know something of the character of the other.

When a woman marries a gambler or a drunk she may change but he seldom will.

I talked to A. W. McBeath, editor of The Eagle Pass News-Guide, this week.

McBeath says that although he supported Briscoe, Ben Barnes carried Maverick County.

"The political banditos did it," McBeath declared. He said by political banditos he meant the local political machines.

Briscoe's role in a suit against the Eagle Pass School District figured in the gubernatorial election.

I wonder what will be the reaction of H. M. Baggarly to the shooting of George Wallace.

Baggarly has pilloried Dallas as a city of hate since the tragic death of President John Kennedy there in 1963 by an American expatriate just returned from Russia.

I wonder if he will give Silver Springs, Maryland the same treatment he gave Dallas.

I wonder if he will find the blood of George Wallace as precious as that of John Kennedy, Robert Kennedy or Martin Luther King.

I say these things not to open old wounds, but to demonstrate to anyone who will listen, including Mr. Baggarly, the utter foolishness in blaming a city or a people for the demented act of one individual.

## Red Legs Nab First In Major League Play

Two games were played in the Canyon Major leagues last weekend, the Red Legs topped the Dodgers, 11-4, while the Yankees squeaked by the Braves, 8-7.

**Red Legs 11, Dodgers 4**

The Red Legs pounded out three runs in each of the first three innings to swamp the Dodgers 11-4, behind the three hit pitching of Camfield.

Camfield went the distance for the Red Legs, striking out seven and walking six. Brown was his catcher.

The Red Legs moved into sole possession of first place in the league with the win. Both teams had been tied at two wins and no losses. Bender and Nix were the losing battery, as Nix fanned five and walked 10 in 2 and one third innings on the mound. Pruett relieved Nix and he walked five and struck out five.

Cranmer blasted a home run for the Red Legs, and Griffin smacked two singles. Davis had one single.

Slagle, Bender and Sanders all had a base hit apiece.

**Yankees 8, Braves 7**

The Yankees picked up their first win of the season scoring

eight runs in the third inning to whip the Braves, 8-7.

Collins pitched all six innings for the Yankees and allowed but one hit, that coming by Childs. Collins fanned 13 Brave batters and walked 12.

Roberts and Palmer opened on the mound and behind the plate for the Braves and were credited with the loss. In the fourth inning Palmer moved to the mound, while Roberts took over the catching duties.

Both Edmondson and Collins belted a double and a single for the winning Yankees, while McKinney slapped a two bagger. Cneyne Haws and Kendrick, all recorded a base hit.

The Braves took a 2-0 edge in the first inning. The game was scoreless in the second stanza, before the Yankees exploded for eight runs in the third, while the Braves could manage only a pair of scores. The Braves narrowed the margin, scoring a run in the fourth and two in the fifth, but could not top the eight run pace the Yankees had set.

**Guidelines Released For Second Primary**

Mrs. Audrey Bruse, tax assessor-collector, has issued guidelines for voter registration in order to prevent errors in voting in the second primary election.

If a voter has moved within Randall County since the voter registration certificate was issued, he should bring the certificate to the tax office in Canyon or the Amarillo annex to have it transferred, Mrs. Bruse said.

Voters moving into Randall County should register immediately at either tax office location.

If a voter has lost his certificate, the voter should obtain a replacement and a voter must have registered by May 3 in order to be eligible to vote in the second primary.

The only exception is if a voter was eligible to vote by federal postcard where the effective date must be May 29 or before.

**Class Hears Mrs. Davis**

Mrs. Helen Davis presented a program titled "The Healer," and Mrs. Rosa Cox gave a devotional using a ring of keys to represent "Stepping Stones of Life," when members of the Phebean Sunday School Class at First Baptist Church held their May fellowship in the home of Mrs. Boots Weeks.

## Water, Inc. Group Drive Falls Short

The Randall County Unit of Water, Inc. fell far short of their 100 member goal at a meeting Monday.

The group had set a goal of 100, to be eligible for a member on the Water, Inc. board of directors. At the close of the meeting secretary Bob Lindsey reported about 32 members.

Dr. Frank Daugherty was elected president of the group. Jim Fletcher was immediate past president.

Tom Williams, area representative for Water, Inc. spoke at the meeting. Williams told the group this time next year figures on how much the water will cost, how many acre feet are available and how much the total project will cost will be complete.

Williams said Brown and Root Construction Company projected eight years to build the canal, which will be approximately 160-165 feet wide and 35-40 feet deep. "Realistically it will be 15-18 years from now before we could actually receive any water. In 1969 the total cost of the project would have been \$10 billion dollars. \$3.5 billion of which was Texas' share. I really can't say what the project will cost now."

If the plan is finally accepted by the Texas voters, the Texas Legislature and the Congress, the open trench viaduct will provide water for the Panhandle and east Texas until 2020.

Lindsey projected the cost of the water to the consumer in Randall County will be from \$35 to \$60 an acre foot. County Agent John Brazzil said three years ago it cost \$22 an acre foot to pump water just within Randall County, so the price of the Water, Inc. plan was well within reason. "Up to 40 per cent of the cost of the water will be the power it takes to move the water this distance," Williams noted.

The project, once finished, from New Orleans to the Dallas-Fort Worth Area, would be controlled by the Army Corp of Engineers, while from Dallas through Eastern New Mexico would be overseen by the Bureau of Reclamation, according to Williams.

The water would be pumped from south of New Orleans after everyone in Louisiana had a chance to get whatever water they needed. Much of the water would be stored in lakes in East Texas near Marshall, and north of Dallas and Fort Worth, because of the 40 per cent evaporation rate in this area. However,

Gene Howe News

Denise Bonifield Named Cheerleader

By PAULINE HEFLEY

OUR FEARLESS LEADER, his spiffy secretary, our own Florence Nightingale, the lovely ladies that prepare our vittles daily, and our fine faculty were honored Wednesday last with the Annual Teachers' Tea. Understand the theme of the day was "All We Need Is Love" with posters up everywhere and the grand climax was the tea at 3:45. Each school representative was presented with a cleverly decorated pencil holder made out of wood—I believe Guy Bufkin gets credit for them—and a corsage. Of course, you couldn't have a tea without lots of yummys such as punch, cookies, etc. A good time was reported to have transpired, and thanks to the Executive Board of the P.T.A. for their outward manifestation.

HAPPY ANNIVERSARY TO Mr. and Mrs. Fred Finke. BY TIME YOU get this the Band Spring Concert will be history, but we shall cover a little of it next week. THE MOST FUN TIME OF all is forthcoming—Gene Howe

Club Gives Housewarming

A housewarming for Mrs. Melvin McClure was held in her home May 1 by members of the Highland Home Demonstration Club. The club gave Mrs. McClure a potted red rose and members brought gifts and refreshments. After a tour of the Amarillo State Center for Human Development at 9:15 next Wednesday morning, the group will return to the home of Mrs. Boyd Elliott for a covered-dish luncheon and a business meeting. Those present at the housewarming included a guest, Mrs. Jerry King, and Mrs. Bernard Grabber, Mrs. Clarence Howard, Mrs. Jimmie Janssen, and Mrs. Elliott.

WTSU Gets Funds For 168 Awards

West Texas State University has been allocated \$110,400 for an estimated 168 student awards under the Educational Opportunity Grants Program. The Office of Education of the Department of Health, Education and Welfare approved the grants to institutions participating in the grants program, according to Congressman Bob Price. The grants will range from \$200 to \$1,000 for each academic year of study up to a maximum duration of four years. The grants will be awarded to students of exceptional financial need who are eligible for the program, Price said.

News Brief

Mr. and Mrs. Clark Johnson of Wisner, Neb., are visiting Mr. and Mrs. E. A. Michael. Mrs. Johnson is Michael's sister.

Buy, sell or trade with Canyon News Classified ads.

Day at Thompson Park will be Tuesday, May 23. Tickets go on sale at the li'l white school house on the hill this Friday. So everyone make that extra effort to sell your fair share of the tickets. Understand a savings made if you buy the tickets from a Gene Howe student. See you at T.P. on Tuesday, okay?

GUSS OUR FEARLESS leader is fast recovering from his surgery as he has resumed his golf game, which has to be a sure sign, eh what?

A BIG CONGRATULATIONS to Denise Bonifield in the sixth grade who was elected to be a cheerleader next year in the seventh grade. We believe this is the first Gene Howe sixth-grader ever to be elected and we

are all proud of you, Denise.

IF YOU HAPPEN to know of/or have a five or six year old that will be starting to school next year, you need to get in touch with the Gene Howe School office post haste at 355-6501. Thanks.

HAPPY ANNIVERSARY TO Mr. and Mrs. Gene Bural.

THIS WRITER, USE term loosely, collected on me Birthday present from the month of February this last week with a glorious evening in Pampa listening to Van Cliburn. You recall that the Carl Johnsons had given me ticket for my Happy and Mrs. Johnson, daughter Cindy, and Willetta's mother, Mrs. W. A. Riney, Jr. of Amarillo motored over for the event. The entire evening was simply

exhilarating from the opening number of The National Anthem to the third and final encore of Chopin's Polonaise. Wow, that man can tinkle the ivories. Thanks to the Johnsons for a really lovely evening and a true highlight of this year. At a performance such as this one is reminded anew of the value of the finer things in life, that do stand the test of time. Who can tell what young lady or young man could have been sitting within the sound of Mr. Cliburn's playing and might be inspired toward a life of music? Besides all those guys that wrote them melodies have proved their worth in the fact that their music has stood the test of time. By the bye, saw our Canyon Mayor, Dr. Manly Bryan there.

THAT ROY DAUM really was put to the test during our last deluge of rain. Understand he was caught in an underpass in his motorcar and it was simply drenched. He is now taking the seats out to dry, etc. Also learned he even found a cow chip in the motor, which leads one to speculate exactly which underpass he was under. Now doesn't that sound like a tall Texas tale to you? Well it's true.

OUR FEARLESS LEADER had as his recent guest a lovely Southern Belle and she was very graciously received by all who met her and apparently she is quite lovely.

UNDERSTAND THAT SOMEONE that we all know and love has been breaking noses lately, could that be?

WELL, ME AND Lovie and Jodi and Alexis tooted down to Dallas this past week to catch the World Championship of Tennis matches. It was well worth the trip and also got to take in Six Flags Over Texas, with all the other hundred thousand people. Had a great time. Speaking of Tennis, here's a "good luck" wish to Coach David Kent and his tennis team who are at this time in Memphis, Tenn., at the Missouri Valley Conference. Hope they bring home the trophy and I'll let you know if they do.

GOTTA RUN. PHONE me your news. 376-9853 or 352-2089.

### School Days Recalled; Choirs Receive Ovation

By MARY JO GRIFFIN

**TOMORROW WILL BE** the last day of school for the members of the Canyon High School senior class of 1972. It has been a great 12 years for these students. To the parents it has been a very short 12 years, but the seniors may think more like "In '72 we're finally through." Remembering back a few years there was the hula hoop, the marbles, the tops, and bobby sox. Then came miniskirts and wigs, cars and hot rod rigs. Dates and school rules to break, and those parents-goodness sake! But you made it all the way through and congratulations to each one of you. The seniors will enjoy this next week without classes and Friday night will be the Commencement Exercises.

was magnificent and the standing ovation received by the choir and their directors, Tom Jennings and Gene Murray, was well deserved. These choirs and their leaders have really been winners this year.

**MR. AND MRS.** John Gaston and boys were in Lubbock last weekend to attend the Sonny and Cher show. They said it was real good. From there, they went on to the tip of Texas and over to Matamoros, Mexico. Had a good trip.

**HAVE TALKED WITH** several in our neighborhood who visited with their mothers on Mothers Day last Sunday. Mr. and Mrs. Murray Leith and family visited with Wanda's mother and father, Mr. and Mrs. Earnest Luedcke, in their home in Pampa. Mr. and Mrs. Herbert Hall and family were in Vernon over the weekend to visit with Herb's parents, Mr. and Mrs. E. E. Hall.

**THE HERBERT HUTCHINS** family visited with Charlean's mother, Mrs. Charlie Baker near Sayre, Okla. All the children were there for the occasion, and they report a real good time. Also, Herbert was in Lubbock several days last week.

**MR. AND MRS.** Ted Allen were in Tulsa to visit with Bernice's parents, Mr. and Mrs. Mark Anderwold.

**AND WE WENT** to Amherst with my sister and her husband, Mr. and Mrs. Thurman Brown of Amarillo to visit with our mother, Mrs. Herbert Roberson. My other sister, Mrs. Jimmie Bass and family and brother Harold Roberson and family were all there.

**ISURELY COULD** use your happenings around our neighborhood. Glad to see that Sista Plaza has a neighborhood column now. They have a real nice community there.

**TONIGHT WILL BE** awards night for the National Honor Society Induction meeting. We are proud of the members from CHS.

**A HAPPY WEDDING** Anniversary wish to Mr. and Mrs. Joe Rogers today May 18. May you have many more happy years. Joe and Peggy.

**MRS. TOMMY GOODWIN** (Marsha Jones) was honored with a bridal shower Monday night in the home of Miss Penny Morton in Amarillo.

**MR. AND MRS.** Ted Allen are the proud grandparents of a handsome new grandson. He was born Saturday at Neblett Hospital and is the son of Mr. and Mrs. Kelvin Allen. Congratulations to all the Allen family.

# Firemen Receive Gift

By CINDY CAPPS

DURING LAST WEEK'S rain and tornado warnings, I saw many unfamiliar faces in the storm shelter. It's great to have a safe place to go during storm warnings, but it is too bad that is the only way we get some people out of their homes. We wish more of you would come to our meetings. The next Volunteer Fire Department meeting is May 18 at 7:30 p.m. in the Recreation Building.

Weather permitting, the men will paint our fire truck red.

**THANKS TO "PINKIE"** Floyd and his father for donating the pump. We certainly do appreciate it. The Women's Auxiliary met last Tuesday so their next meeting will be May 23 at 7:30 p.m. in the Recreation Building. All women are cordially invited. We could sure use your help (and information for this article).

**A KINDERGARTEN TRACK** meet was held at Rex Reeves last week for all the children in the Canyon kindergartens. I know of only three Siesta Plaza children who participated and I imagine there were more. Mothers, please call me so we can get the kiddoes' names in The Canyon News. Rhonda Lynn Shaw and Marci Weeter helped Rex Reeves win a Second Place in the tug-of-war contest. Ray Van Zandt helped win First Place in that same contest while playing for the Baptist Kindergarten.

**WASN'T SUNDAY** A lovely day? I hope all Siesta Plaza mothers had a happy Mother's Day.

**I SAW VALERI** Edwards swimming in the pool along with some others. New-comers to Siesta Plaza, Kathy and Rich Herrin, were seen out bicycle riding. Tex Reed was working in his lawn and his wife, Pat, gave us some tin cans to try to protect our tomato plants from the wind. Betty Roberts seemed busy working on her lawn also.

(Continued From Page One)

Some delegates objected Saturday night to commending Yarbrough because the former senator is in a runoff election with Democrat Barefoot Sanders.

A compromise was reached by urging support and election of a Democratic senator next fall.

The convention passed a resolution calling for a constitutional convention of elected delegates to revise or rewrite the present state constitution.

This in effect was a vote against a resolution asking support of a constitutional amendment on the November

ballot authorizing the state legislature to sit as a constitutional convention.

"I support a new constitution," said a delegate from Precinct 20, "But I don't think the legislature should write it."

A proposed constitutional amendment would authorize the 63rd legislature to sit as a constitutional convention.

The convention passed a resolution calling for the return to "stable farm programs of the 1960s" and condemned farm programs of the Nixon administration. The resolution was introduced by George Dowlen.

Delegates voted down a proposed resolution calling for a plank in the national 1972 platform pledging to decrease the military budget, abatement of American belligerence, more accommodation with the communists and pursuit of peaceful policies abroad.

Although voted down, the proposed measure received considerable support, mostly from McGovern adherents.

District Judge Don Dean was chairman of the convention with Mrs. Virginia Cotton acting as secretary.

New rules called for at least one third of delegations to the state convention to be women. Randall County was one woman delegate short of that ratio.

There was some grumbling about the new rules, mostly because it slowed down the convention's work.

Fred Rathjen of the West Texas State faculty did not figure into that number.

"I feel like I was treated better

than ever before," Rathjen declared.

A survey of delegates showed 13 uncommitted, 7 for McGovern, 2 for Humphrey and 1 for Wallace. Senator Max Sherman was named chairman of the Randall County delegation.

Delegates to the Democratic state conventions and their presidential preference as stated either at the county convention or the precinct conventions are as follows:

Precincts 1, 2, 3, 4, 7, delegate, David Matthis, Canyon, McGovern, and alternate, Nolon Henson, Happy, uncommitted.

Precinct 5-delegate Mrs. Virginia Cotton, Canyon, uncommitted, and alternate E. E. Elliot, Canyon, McGovern.

Precinct 6-delegates Benny Turner, Canyon, uncommitted, and Andrea Green, Canyon, McGovern, and alternates Darrell Munsell, Canyon, McGovern, and Elaine Peoples, Canyon, uncommitted.

Precinct 8, 12 - delegate, Miss

Rebecca Jo Allen, Amarillo, McGovern, and alternate, James S. Judge, Jr., Amarillo, McGovern.

Precinct 9, 17- delegate, Leon Blevins, Canyon, uncommitted, and alternate, Mrs. LaQuitta Polvadore, Amarillo, uncommitted.

Precinct 10, 11- delegate, Wayne Bagley, Amarillo, uncommitted, and alternate, Bob McClendon, Amarillo, uncommitted.

Precinct 13- delegate, Ron Cowart, Amarillo, uncommitted, and alternate, Carl Hall, Amarillo, Wallace.

Precinct 14- delegate, Benny Stingley, Amarillo, McGovern, and alternate, Roger Everett, Amarillo, uncommitted.

Precinct 15- delegate, Wayne Dammier, Amarillo, uncommitted, and alternate, L. O'Brien Thompson, Amarillo, uncommitted.

Precinct 16- delegate, T. A. Serrurier, Amarillo, uncommitted, and alternate, Edwin B. Henderson, Amarillo, Humphrey.

Precinct 18- delegate, Mrs. Adele Barnes, Amarillo, McGovern, and alternate George Dobervich, Amarillo, uncommitted.

Precinct 19- delegate, Mrs. Roberta Hicks, Amarillo, uncommitted, and alternate, Lawrence W. Miller, Amarillo, uncommitted.

Precinct 20- delegates, David

Stultz, Amarillo, McGovern, and Judge Don Dean, Amarillo, uncommitted, and Jim McNease, Amarillo, uncommitted.

Precinct 21- delegate, Ed Fletcher, Amarillo, uncommitted, and alternate, Herbert O. Stroud, Amarillo, uncommitted.

Delegates at-large-Sen. Max Sherman, Amarillo, uncommitted, George Dowlen, Canyon, uncommitted, Mrs. Louise Evans Bruce, Amarillo, uncommitted, and Richard Martin, Amarillo, McGovern.

Alternates-at-large-Willie Fletcher, Amarillo, uncommitted, Myrna Lamb, Amarillo, McGovern, Marion Bruce, Amarillo, uncommitted, and Dr. Samuel Fine, Amarillo, Humphrey.

The commissioners designated Patty Caldwell of the WTSU computer center as programmer for the election.

The program written for the first primary election may be used in subsequent elections and will be designated as a permanent program.

The commissioners reviewed 11 applications for county road superintendent and will interview six of the applicants at 10 a.m. Monday.

Hutton reported to the court he would submit a bill for \$1,072.40 to the Republican party for the first primary election and a bill for \$1,577.70 to the Democrats.

The court reiterated its policy of paying county employees 10 cents a mile to attend conferences and meetings with the exception of when the commissioners order employees to attend.

The issue of expenses paid to county employees on such trips was brought to the attention of the court last week when Mrs. Audrey Bruce asked to attend a conference.

George Dowlen, district attorney, requested he be allowed to attend the Texas District and County attorneys conference this week in San Antonio and the request was approved.

The commissioners set the times for the opening and closing of the polls for the Lake Tanglewood election at 8 a.m. and 7 p.m.

outside the city limits and the extra-territorial jurisdiction of Amarillo is five miles outside the city limits.

Under the Municipal Annexation Act of 1963, no city may incorporate within the extra-territorial jurisdiction of any city without the written consent of the governing body of such city.

The residents in the proposed city would have to obtain permission of the Amarillo city commission in order to incorporate the area.

The Canyon city commission can annex to within 4 mile of Buffalo Bowl, according to George Loudder, and Canyon's extra-territorial jurisdiction would then overlap the proposed township.

Loudder said the Canyon commission was studying the alternatives to incorporation. He said the commission was concerned about the proposal.

"An established community is always wary of a newly incorporated area that comes in unplanned because it sometimes becomes a burden on the established area," Loudder declared.

Dale Williams of the planning and zoning office of the city of Amarillo, said Monday he did not have any idea how the Amarillo city commission would feel about the proposed incorporation.

Mark Richards, a resident of the area, said he was totally against the incorporation. He said he had not been informed of the proposal before he heard it on the television news.

He said he had talked to several other residents in the area who were also not informed of the idea and were also against it.

"We were caught wide open," he declared.

Richards said he would like to talk to Prati to see what his ideas on the incorporation area. Richards said personally he did not want the taxes.

calling a constitutional revision commission which would precede the convening of members of the 63rd legislature as a constitutional convention in Jan., 1974.

The convention voted down a resolution opposing the amendment. The resolution opposing the amendment agreed constitutional revision was needed but stated the revision by a commission appointed by the 63rd legislature would be undesirable and detrimental to the Republican conservative cause in Texas.

The delegates passed resolution opposing the Occupational Safety and Health Act of 1970, recommending a thorough study of the Texas tax structure and the administration of income and expenses, in favor of welfare reform to provide a greater incentive for those who will work, and opposing busing to achieve racial balance in the schools.

A resolution was also passed supporting consideration of all bills by open hearings before committees not less than two weeks after public notice of the hearings.

There should be one week's notice to registrars after the bill is

reported out of committee before debate and vote on the floor of the House and Senate, the resolution continued.

The resolution also asked that all who have registered be notified of pending bills affecting their businesses be notified by their state legislators, with a copy of the proposed bill and a date and place of hearings.

The convention also passed a resolution commending and supporting Republican candidates and office-holders.

Delegates elected to attend the state convention are: John Fulgenzi, Rhett Plank, Mrs. Audrey Bruce, Bill Butler, Don Reavis, Tom Price, Mrs. Betty Brandon, Mrs. Nancy Bevis, Mrs. Kay Fulgenzi, John Kenehan, Steve Sturquell, John O'Brien, Mrs. Marcella Perrin, William Graham, Greg Edwards, Dale Lassiter.

Dick Brooks, Mrs. Beverly Plank, Mrs. Terry Thomas, Mrs. Alice Butler, Jim Braden, Terry Thomas, Ralph Bruce, and a tie vote was cast for Dr. John Jones and Kathy Reed for the 27th delegate.

Alternates to the convention are Mrs. Linda Price, Mrs. Glenna Brooks, Mike Abdo, Kirby Sunderman, Bill Steck, Joe Jacques, Stanley K. late August or early Sept. The recommendation for the policy change came from the Joint Professional Communications Committee, because the Aug. 15 cutoff date is more near the opening of a school year.

Jacobs also told the board members the high school cafeteria is losing "a pile of money." He suggested the food for the high school cafeteria line could be cooked in the junior high cafeteria and hauled to the high school. "Another alternative is to simply shut down the high school cafeteria and leave open only the snack bar. We are losing about 35 cents a plate we serve through the cafeteria line," he said.

"Students just want to get away from campus during the noon hour," said Dr. Dudley Moore, president of the school board.

The trustees rejected four bids on two school vehicles for sale. Three bids were received on a 1957 Ford bus, the highest of which was \$437.87 and only one bid of \$87.87 was received for a 1957 International panel truck.

Mary Raef, a representative from the senior class presented the board with the two senior gifts. The class purchased a new scoreboard for the high school gym and a fence to be erected around the school seal. The board officially thanked the graduating seniors and unanimously accepted the gifts.

School Business manager Ray Schultz, reporting on the recent school board tour of all the school facilities, said the school definitely needed help with the electrical work around the system. He also said the school did not need extra help with the custodial work, but "we just need to do a better job of training the personnel we have."

Tom Keeling asked Schultz if the principals and the assistant principals could not do a better job in supervising the custodians. Schultz said there was no question about that.

Schultz will present a detail report on the maintenance and custodial help at the June 6 meeting of the board.

rate is two to three per cent. If you dip these sick cattle the death rate is bound to go up even higher," said McCasland. "As we have said before, this cure for scabies could prove to be worse than the disease itself, at least for the stocker cattle."

Rep. Tom Christian of Claude said he, too, felt the stocker cattle should not have to be dipped. "I think if you dip the cattle at the feedlots you catch most of the stocker cattle except for a few going out of state and these have to be dipped anyway."

"I think the farmers complain is definitely a legitimate one, but we must keep in mind two things. First, we have to eradicate scabies so the other states will lift their embargos on the Texas cattle; and, secondly, create the least burden possible to the people of the industry here in Texas," Christian noted.

Christian said 38 states currently have threatened embargos on Texas cattle. Many of the states, such as Montana, who have embargos on Texas cattle have also stopped the flow of cattle into Texas owned industries within their state. Christian said, "In a sense this is giving these states a lot of power through their embargos and I think they are enjoying it."

"We have got to be more aggressive. We are going to have to have more activity in the legislature. Texas has got to stop being the dumping ground for these other states," Christian maintained.

"All the area farmers should attend this meeting because it could cause a great economic strain on us all," said Buecker. "We are going to get these rules changed or at least adjusted, this is the meeting to get it done. I don't think we will ever get this group of officials together again," added McCasland.

**WITH AN INTEREST** in developing unity and friendship within the Umbarger community, 22 people met in the school gym Monday night and voted to form an Umbarger Community association. The group agreed to elect a five-member board that would initiate activities for the association.

**THE FIVE MEMBERS** elected during the meeting are Paul Ferguson, Tom Payne, Susan Dolle, Bernard Hartman, and John Wiek. The board has elected

Paul Ferguson as temporary chairman. Before the next meeting of the Umbarger Community association, board members will draw up a general framework for the organization and make suggestions for immediate future plans.

**SUGGESTIONS FOR ACTIVITIES** during the general meeting included sports activities, family game nights, community dance and seasonal parties, and a community auction. Any community member who is interested in the organization can inform the board members of his desire to belong. Hopefully, the organization will serve all family members.

**PISTOLS AND PETTICOATS** Square Dancing club will hold a surprise cake walk at its regular session this Sunday night at 7:30 in the parish hall. All dancers will be included in the walk, and a few surprises will be held in store.

**TWENTY-SIX CLUB** members journeyed to Dumas last Saturday night to retrieve the

club banner from the Hoedowners. Herrick Allen was guest caller for the evening.

**MR. AND MRS. Paul** Ferguson recently attended the Panhandle Square Dancers Association meeting in Pampa representing the Umbarger club. The association is promoting car decals, so that more people will be aware of square dancing in this area. The next meeting will be held in Canyon in August.

**THE A. R. FRIEMELS** welcomed unexpected guests last week when Mr. and Mrs. B. Lucky of Indianapolis stayed over night in their home. Mrs. Friemel said that Arlene Lucky had been her roommate when both women were working before their marriages. She had not seen her friend for 26 years, but had maintained yearly correspondence. The Luckys were enroute to her home in Arkansas from Ft. Carson.

Stormy Weather Breaks Up Meeting

BY VICKI HOOKER

**VICIOUS-LOOKING CLOUDS** and tornado warnings cut the board meeting short a week ago last Tuesday night at Dan Bailey's. Everyone scattered when we received a call that a tornado had been sighted north of Canyon, and Dan was left staring at a platter full of Dunkin' Donuts that no one had touched!

**ALL BOARD** members were present, and the meeting lasted long enough to discuss business. Mr. Cannon, who owns property just west of Doyle

Trimble, asked and was granted permission by the board to take down the small manual gate on the northeast side of the entrance in order to move his 14' x 52' trailer to his property. A \$100.00 deposit will be held until the gate is put up properly again.

**FIVE** donations have been received to help concrete the tops of the flatcars when they are put in place. A yard of concrete is \$20.00, but the board is not certain how many yards we will need. If you would like to donate to this most worthy cause, please contact Bob Walker or any of the board members.

**THE BOARD** was pleased to have as its guest, Eddie Jeffers, who recently moved here with his family from Amarillo.

**AS USUAL**, there was a hassle right up until the last minute as to whether or not we would have the picnic, but because of all that most welcomed rain we received last week, the picnic was cancelled, and we will try again this Saturday night at 6:30.

**BABIES** are in the news this week! Congratulations to Dorothy and Gene Tate on the birth of their granddaughter, Tammy Jean Tate. Tammy was born May 3 at 6:30 p.m. in St. Anthony's Hospital in Amarillo.

She is "perfect in every way," according to Dorothy, weighing 5 lbs. 12 oz. and 19 1/2 inches long at birth.

**THE DETTEN** family on the Claude Highway was blessed with their fifth daughter last Friday Morning. Her name is Amy Jo Beth; she weighed 7 lbs. 3 3/4 oz., and was 19 inches long. Judy Detten is secretary for the Palisade Home Demonstration Club and we have teased her periodically this year because she insisted she was going to have this baby completely naturally, and have the women in Club as midwives. But when it came down to the final hours, she decided against the "natural way," Judy is home and doing fine and we are very happy for her and Joe.

**ROSS AND Becky Guess**, son and daughter-in-law of Reba and Buster Guess, are expecting their first baby around Christmas. Congratulations to you too!

**MOTHER'S DAY** was an exceptionally beautiful day, just too pretty to stay inside. Many did yard work, rode motorcycles and many lined the creek banks with their fishing poles. Valerie McClendon and her three children were part of the latter group. But they weren't interested in catching fish to eat. The children caught seven sun perch for their aquarium! At last report the fish were doing fine and seemed to like their new home. Only one thing concerned Valerie, and that was finding something for them to eat. She said they had not taken to dry dog food too well!

**AN INCIDENT** at the Trimble's put a little excitement in the air on Mother's Day. Some young fellow was coming up the hill from the boxcar and lost control of his car, running head-on into the corner fence post on Doyle's lot. The post was damaged slightly, but the fellow's car was really banged 'up. Several formed a posse to look for him, but he got out of the canyon before anyone could catch him.

**CONGRATULATIONS** to Carla Jordan, daughter of Bill and Pat Jordan, who will be

graduating from Ozark Bible College Thursday, May 25. Bill says she will be home working this summer, possibly at the Big Texan.

**RANDY Carthel** traveled to Albuquerque last Friday to race and won third place on his Fenton. The track was muddy and he had a pretty rough time just placing third. This weekend he will race at the Speed Bowl, and we know he will do well.

We were a little short on Palisade News this week, but with summer coming everyone taking trips, news should be looking up considerable. Don't forget the picnic Saturday at 6:30 p.m. And if it rains, well—?

Lake Tanglewood News

**SATURDAY WILL BE** election day in Lake Tanglewood Village. Residents may vote all day in the Clubhouse for mayor and aldermen. Those running for Mayor are Tom Badrow and Nelson Cash. Aldermen Candidates are Paula Gray, Sam Hunter, Jody McBrayer, Eldon McNabb, G. M. Mounger, Buddy Owens and J. D. Trice.

**IN CHURCH NEWS** this week it was reported that 30 more people joined the Lake Tanglewood Community Church last Sunday. Special music for the Mother's Day service was provided by the youth choir, directed by Judy Fletcher. This youth choir has at present 17 members who meet each Saturday afternoon at Judy's for practice. Last Sunday they sang four songs, and did an outstanding job.

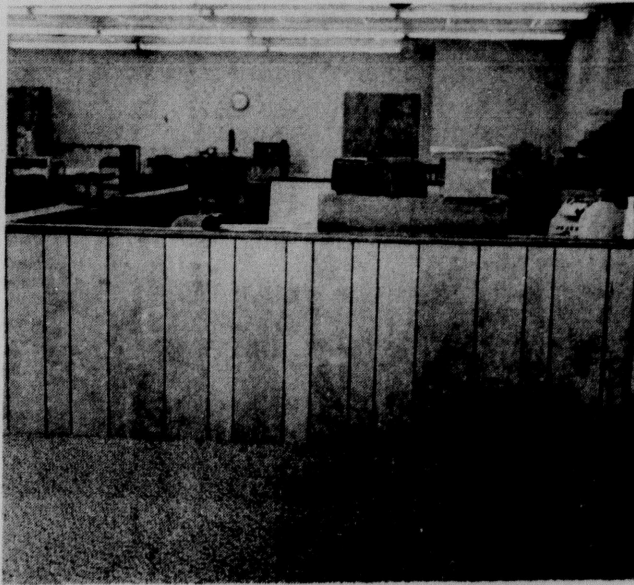

**MOTHER'S DAY ACTIVITIES** dominate the Tanglewood news this week. Jan Cash attended a luncheon in Plainview which was given by her daughter's sorority.

**MARGIE TAYLOR** AND her daughter-in-law attended a Mother's Day Luncheon last Friday at the Quality Motel for members of the Theta Phi Chapter of Beta Sigma Phi. Each

coming the families of three new residents soon. Joye Hipes, Luke McClelland, and M. L. Ott are planning new homes on the south end of the lake.

**AN AFTER-GLOW** meeting of the Lay Witness Mission from the First Christian Church of Amarillo met at the home of Burt Thomas last week. Those attending were Mr. and Mrs. Joe Turpin, Tom Ford, Murry Bennett, and Mr. and Mrs. Eddie Taylor.

**WE ARE GLAD** to know that Lawrence Van Doran can see again! Before Christmas he misplaced his glasses at an open house at Jim and Dorothy Fletcher's. Dorothy had searched her house high and low, but no

glasses. Finally Sunday before last, Dorothy's little grandson, Cody, was being inquisitive and found the glasses in the couch. The world looks so much brighter now! (actually he bought another pair soon after he lost his others!)

**REMEMBER THAT LAW** that says a trout line must have the owner's name on it? Well, apparently it takes more than a name on it to keep the game warden from cutting it, or at least this has been the experience of Sam Hunter who has had one of his cut! Really he did have his name on it, but the rain must have washed it off. Better luck next time, Sam!

**I'D LIKE** to thank Claudine Van Doran and Lorene Walker for the fine job they are doing in turning in Lake Tanglewood news. I'm sure their neighbors appreciate it too, so keep up the good work.

Hope each and every one of you Mother's had an exceptional day last Sunday. You Certainly deserve it.

Softball Tryouts Set For Saturday

Team selections for the Canyon Kiwanis softball teams will be made at 11 a.m. Saturday at the Girls Softball Diamond. The meeting, scheduled last Saturday, was cancelled because of rain.

All girls between the ages of 12 and 14 who wish to try out for the teams should be present at the meeting, according to Commissioner George Blackwell.

Regular season play will begin June 6 and end July 4.

A second try-out for the teams will be held at 11 a.m. June 3, Blackwell said.

Coaches for the four teams will be Nelson Vaughn, George Bertisher, David West and James Davis.

The "Panhellenic Forum", as the event is called, is held each year by Amarillo City Panhellenic for coeds and their mothers.

The forum will feature a panel discussion, a style show, and a tea that will serve to inform those attending about rush, sorority

life and its advantages.

The event will be held at Amarillo College Student Union Building at 2 p.m. Saturday.

Each national sorority has a table set up with certain items

featured such as their flower, magazine, pins, pledge ribbons, philanthropic project, etc.

I would personally encourage every high school senior girl to attend...and mother will enjoy it too (after all parents usually foot the bill).

If you could go and don't, I believe you are missing an opportunity. You see, the forum is put together especially for you; it takes a lot of work. And it will help you decide whether sorority life is for you or not...give it a chance, I personally believe most of you will love it!

**ADD A DROP OR TWO** of vanilla to your gelatin next time you make it. Mrs. Howard Brown relates that it brings out the flavor and makes it more delicious.

The Browns will be traveling in Canada by way of Las Vegas, Nev., soon.

**POLYESTER WOVEN** to look more like wool is currently being shown in designs at the fall Dallas Market, I understand.

**SAVE YOUR LIPSTICK TUBES** to make Christmas tree

ornaments! The tops may be trimmed with glitter, braid, or sequins. Punch a hole in the top and add a braid loop in order to hang it on the tree.

**THE BROADMOOR HOTEL'S FLOWER** shop is currently selling those terrariums made from large distilled water bottles for around \$36.

So, if you make your own you should have a conversation piece for a large savings. Say, over \$30.

**A BAKE SALE** will be held next Wednesday by the Good Neighbors Club. The assorted goodies will be offered for sale from 8 a.m. until sold out at Cooper's Market.

**MRS. LILA VARS** will be serving the Federated Clubs as district president for the next two years. She is currently preparing to organize next year's convention which will be held here in Canyon.

Certainly, Lila will be most outstanding in this position, for she has served her club, community, and church with untiring efforts.

Those selected to work on the convention with her will be listed

by her as they become available. Offer to help if you can.

**FORMER DISTRICT** presidents from Canyon include Mrs. Jo Carol Lindsey and the late first wife of Dr. J. A. Hill.

**A CLEVER CAPSULE** given to Amarillo convention goes features **DOPE**. Dope on **AMARILLO** that is.

The clear capsule has enclosed a small yellow sheet that reads "dope" only until opened up. It then tells of Palo Duro Canyon, "TEXAS", the Amarillo Civic Center, and other places of interest.

**A WEDDING INVITATION FROM CALIFORNIA** came in the mail this week. It is a letter size ivory sheet which is edged with a circle of white daisies with gold centers' greenery, and entwined romantically with pink ribbon.

At the upper left is...the way is peace, the road is love. Centered in the invitation which reads: Our parents join with us, Michael Casey and Lynette Olsen, in inviting you to our wedding celebration. It will take place...We hope to see you there. And, is signed with the couple's first names.

This is a beautiful break from tradition that I thought others might enjoy reading. It includes both parents, which I like, as well as the couple joining to invite their friends to their wedding.

Other couples throughout the

nation come up with clever, more personal invitations to their special events no doubt...and others will follow.

**THE HERITAGE WOMEN'S CLUB** won as many honors on the state level as any other junior club in Texas it was announced Monday night. A story on the awards is found elsewhere in The News. Congratulations group!

**Last week's recipe, featuring soup as a sauce was deleted because of lack of space. Here it is for your dining pleasure.**

**HERE IS** A recipe from my own collection that is simply delicious. Serve it to family or guests alike...I guarantee compliments. It does use a soup, by the way...And, it's quick and easy.

(This recipe is given by request.)

**SAUCY PORK CHOPS**

6 Pork Chops, 3/4-inch thick  
1 10 1/2 oz. can condensed cream of chicken soup  
1/4 c. catsup  
2 to 3 tsp. Worcestershire sauce  
In skillet, brown chops on both sides; season with salt and pepper. Combine remaining ingredients; pour over chops. Cover; simmer until done (20-30 minutes-longer if chop thickness requires it)

Serve on a bed of rice or on toast points and top with onion rings (if desired).

## Residents Mark Mothers Day; Junior Rodeo Set For Weekend

By MARY NEAL HENRY

IT WAS AN uneventful Mother's Day - Thank Heaven! I am reminded of Mother's Day six years ago when Angelique was only one. Dr. Boswell and Dr. Nester pumped her stomach out that day after she ate all kinds of treated seed, hot pink maize seed, bright green sudan seed. We spent the night in the hospital.

KISKA ROGERS WATSON was honored with a bridal shower on Wednesday of last week in the dining hall at Hidden Falls Ranch. Diana Campbell and Janis Irby served. Susie Reed registered guests. The centerpiece was a beautiful wooden salad bowl with serving fork and spoon also of wood standing in it and other kitchen utensils (I noticed an egg beater, bottle opener, biscuit cutter, steel scratcher, potato peeler, and ice pick) surrounded by blue net. The four individual salad bowls were the nut and mint containers. The corsages of the party were also kitchen utensils on blue net. These added a rubber spatula, measuring cups and spoons, etc. to the list of prizes and some of them were on hot pads, and dish rags. Kay Hinchey, whom Alicia met when they were both Grand Officers in Rainbow, served us punch. The center piece was of blue flowers in a hanging bird cage, a gift from Mary Womack. It was beautiful. Hostesses working while we were there included Mrs. Vendell Killingsworth and Ruth Holiday.

There were about fifty. The rest so far as we know were local. Lovely shower!

Primary is first through fourth grades and Intermediates are fifth, sixth and seventh grades. Our Angelique won the Primary, Casey McBroom, second; Shann McCauley, third. Jeanne Parker won the Intermediate; Debbie Parker, 2nd; and Lisa Foster, third. Curley Selvidge judged the posters. Angelique got off the bus crying her heart out. She thought she had lost her \$3 prize money. (But Sheri had it in her note book.) It took me five minutes to calm her down and find out where she got the \$3. She was surely upset.

**HOBART MCMANIGAL** WAS honored with a steak supper on his birthday Monday night. And then the men played "42". Anna Mae tells me that they figured up last Monday night by just talking that she has

been giving these parties for Hobart for 38 years. This year Dixie McManigal, daughter-in-law of Canyon, and Johnny Wilson, a neighbor, helped her. Helping celebrate were Ernest White, O. H. Rahlfs, Pat Maynard, Bob Francy, John Butler, Dick Rallsback, John Toles, all of here; Goose Ramey of Dimmitt; Boone McClure, Glen Dowlen, Vernon Harman, Conway Kuykendall, Mack White, Hobie McManigal all of Canyon; T. L. Fore, Fowler E. McDaniel, John Brown, and H. L. Rowell, Jr. all of Tulsa.

**I SERVED JAYCEE-**Ettes last week. I thought we'd be blown away before the meeting was over on Tuesday of last week. Sara Tirey conducted a very calm organized meeting. She appointed the following chairmen: Scrapbook, Dottie Foster; Programs, Jeanne Johnson; Socials, Susan Rahlfs, Yearbook, Skip Simons; Telephone, Betty Stockett and Lynn Ritter; Awards, Dottie Foster; Birthday Girl, Donna Bryan; Betty Crocker Coupons, Kaye Shipman; Ways and Means, Della Venhaus; Green Stamps, Kaye Venhaus; and Membership, LaVenna Jackson. They adopted a new program known as the "Gal Program" designed to help new members earn their Spoke Awards. Judy Shipman gave a report on the Senior Citizen Project and "How To Fill Out A Project Report Form". It is equivalent, almost, to filling out your income tax. The Jaycee-Ettes have agreed to sponsor the Senior Citizen Luncheons. They may be calling on your group in the near future. Jeanne Johnson, Kaye Venhaus, Susan Rahlfs, Skip Simons, Della Venhaus, Judy Shipman, Donna Bryan, Skip Simons, Dottie Foster, Lynn Ritter, Joy Freeman, Sara Tirey and I were there. Those voting delegates who are lucky enough to attend the State Convention at Corpus Christi this week-end go uncommitted.

**I ATTENDED THE** SOCIAL EVENT OF 1972 last Saturday night. You shouldn't have missed it. Evelyn Dowd, Lola Bowe, Ruth and Alden Mann, Catherine Miller, Pauline Wesley and I attended Friendship Night in Canyon and ate a delicious salad supper before all that entertainment began. Santa Clark, Worthy Matron, welcomed the guests and Jim Cabe pronounced the invocation. The salad supper was at Canyon's beautiful new Junior High Cafeteria. Visited with lots of friends there. Then we went to Canyon's new Masonic Hall for the program, "the social Event of 1972"

and was it ever! While they were setting the stage, we sang songs under the direction of Sweet Mama Dowlen and was she ever patronizing in her praise for our beautiful singing. We sang all those old religious songs, like "Five Foot Two", "Daring Young Man On the Flying Trapeze" and a bunch of them. They finally brought out a bunch of wilted flowers and some pretty ones, too, in old paint cans, trash cans, etc. to decorate for this wedding that was about to take place or happen or whatever. The groom, Brother Jess Bewley, and his mother, Alma Perkins came in after Viva Cabe and Charlotte Evans had rolled out the "news-paper" carpet, and he was so nervous. He really did shake all over! Billy Mayfield of Station F-L-O-P interviewed him or at least tried. Everytime he asked Jess a question, his future Mother-in-law would answer it, and she DID have plans for him. Finally the wedding party all got there and Sister Marie Mayfield the Bride and Her parents, Sister Anna Wright and Brother Jack Parsons were with her. Best Woman was Allene Hardaway and Best Man Osce Parsons (in overalls) Parson Knott was Sister Nadine Lyles and she barely got them married between bites of do-nuts. She must have missed that good supper. Billy Mayfield was a Spy Guy, not an interviewer. Sister Naomi Bewley was the FUZZ, and Flower Children were Sister Mary Colclazer, Viva Cabe, Bettie Davis and Faye Byars, and Charlotte Evans. Charlotte couldn't find where to stand. Special Music for the program was provided by Bettie Davis, Jim Cabe, Clarence Adcock, and Reeves Donnell. They all sang on a different key. Some of the funniest parts were while they were trying to find their places in the script. Our sides ached. They even had a reception in the Foyer. And Punch poured out of a Silver pitcher (which was a big contrast), cookies served from a card board box, and mints right out of the can. Napkins were all the leftovers everyone could dig up. None of them had been used.

**CANYON EASTERN STARS** honored their Masons on this night and recognized those present. Several attended. Visitors included chapters from Happy, Tulsa, (Amos and Jettie Ratjen, Nadine Story and Hazel DuBois); Amarillo 8787, Tascosa, Bonita, A. E. Shirley, Hereford, Friona, Plainview's Vernia Mae and Clyde Williams, Glen and Lillian Lindsey of Silvertown, and probably some others. They had a BIG crowd.

Demonstration Club met Tuesday morning at the Concord House for Coffee and cookies and then a tour. Those enjoying this were Lou

Doughtery, Kelly Hurst, Jo Hand, Phyllis Bryan, Barbara Danner and me. Joy Bryan and Betty Miller joined us at the cafeteria for lunch.

## Township Proposed North

By ELAINE PEEPLES

Canyon's city commission discussed annexation north Monday in light of a letter of intent to incorporate six sections north of Canyon into a township, village or city.

George Louder, city manager, said the township proposal was discussed by city commissioners following their regular meeting Monday.

Emil Prati addressed a letter of intent to incorporate to the Randall County Commissioners Court Monday.

The area included in the proposed incorporation begins one mile south of McCormick Road and ends at Palo Duro Club Road and the area is two miles wide,

one mile on either side of the Canyon Expressway.

The letter to the commissioners court was signed by Emil Prati and stated a majority of the residents residing and owning property in Sections 1, 2, 31, 32, 33, and 34 of Block No. 1 publicly proclaim intention to incorporate the above-described area as soon as legally possible and as defined in the statutes of the State of Texas.

The letter continued, the commissioners court of Randall County would be petitioned to call an election or referendum for the above-stated purpose.

In order to incorporate, the area must contain 200 residents and the density determination would be made by Judge Woody Pond.

Prati said Wednesday afternoon he hoped to set up a meeting of the residents of the area in about two weeks to discuss the pros and cons of the incorporation.

He said he had contacted about 10 to 20 persons who live in the area and they all agreed with the proposal.

The main purpose of the incorporation should be to give the people in the area the opportunity or privilege of self-determination.

"We are country folks and we like the freedom inherent in country living," he stated. "We are capable of charting our own course without the help of either the city of Amarillo or the city of Canyon," he added.

Another reason for the incorporation is to keep businesses of an obnoxious nature out of the area, Prati declared. He said the people in the area did not need any of the services provided by Amarillo or Canyon such as water, sewer and police protection.

Prati indicated he would not contact the city of Amarillo about the portion of the area which extends into the extra-territorial jurisdiction of Amarillo.

He said if the residents approved incorporation the actual boundaries of the area would be determined.

The area of proposed incorporation does not reach into the territorial jurisdiction of Canyon but it does include one mile of the territorial jurisdiction of Amarillo.

The extra-territorial jurisdiction of Canyon is one mile (See TOWNSHIP, Page 10)

## News Holds Open House

The Canyon News will hold open house from 2 until 4 o'clock Sunday afternoon at its new location at 1500 Fifth Avenue.

The publication is now housed in a 6,000 square foot building which once housed Bellah's Supermarket.

Front portion of the building is carpeted and paneled. In this area is the lobby, the bookkeeping department, editorial and advertising departments.

Office of Publisher Troy Martin is housed in this portion of the building also.

Contractor for the remodeling was Sternberg Lumber Company. Carpenter work was supervised by Max Bosley. Wayne Wirt did the electrical work and Dale Brock the plumbing.

Carpeting was by Mark Davis Company of Amarillo. Haley Printing and Office Supply supplied most of the furniture while the publisher's office was furnished by the Furniture Galleries.

"If we had started from scratch to design an offset plant the shell

of the building would have been about like the one we found," said Martin.

Some 4,000 square feet at the rear next to the editorial department houses the composition department.

## Judge Issues Court Order

Randall County Clerk LeRoy Hutton asked for a district court order directing Randall County to deliver the computer program for the election to the programmer at West Texas State University.

The court order was issued by Judge E. E. (Gene) Jordan in 47th District Court Tuesday.

Hutton said under the law, without the court order, the program must be burned or shredded along with the ballots cast in

partition. Two AM computers and four high speed computer input machines are located in a 500 square foot, sound-proof room which was once the frozen food locker of the grocery firm.

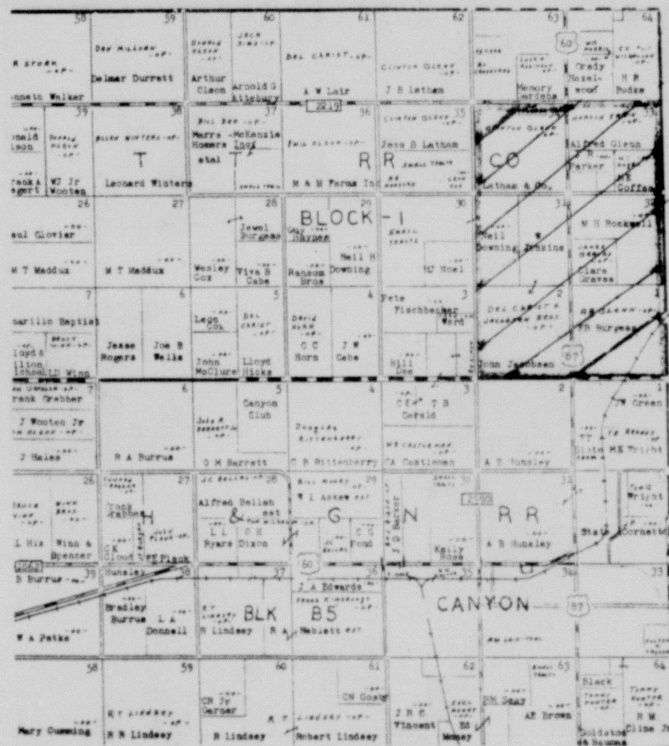

The newspaper's dark room is located in what was a smaller freezing room. These rooms have walls insulated with 12 inches of cork.

The company's computers have a maximum capacity which is capable of producing an average size Canyon News in something like 38 minutes.

Established in 1896, The Canyon News is in its Diamond Jubilee year this year.

The Stayer, forerunner of The Canyon News, was established by Mrs. R. W. Morgan. Later editors included George Brandon, R. A. Terrill, L. B. Christman and Clyde W. Warwick.

Warwick took over operation of the paper in 1910 and was editor until he retired in 1955 due to ill

## School Board Okays Self-Evaluation Plan

The Canyon School Board approved a two year self-evaluation program for all the school campuses beginning in September, at their Tuesday meeting.

The self evaluation is necessary every 10 years to meet the requirements for accreditation by the Southern Association of Schools and Colleges and the Texas Education Agency.

Superintendent Jerry Jacobs told the group that the Canyon School system was very unique in that all the campuses in the system were accredited. He said he thought there was only one or two schools systems between Abilene and here that had all campuses accredited.

"This self evaluation program helps us maintain accreditation on all campuses. We will set up a steering committee and will need to hire one or two consultants to help us stay objective in this study," said Jacobs.

After an initial report is filed a

visiting committee will be appointed with the help and approval of the Southern Association, who will evaluate from another standpoint.

The initial report should be filed by the end of next school year. "During the summer of 1973 some corrections will try to be made from the recommendations of the committee," Jacobs said.

The evaluation committee will reconvene in the fall of 1973 and should make a final report in January of 1974. The visiting team will come in March to do their study.

"The cost to the school system should be \$4,000 to \$4,500," added Jacobs.

The trustees also approved moving the cutoff date on the teacher retirement policy from Sept. 1 to Aug. 15, which will mean any teacher reaching their 65th birthday on or before Aug. 15 will be retired before school begins in

## Scabies Meeting Set

By BENNY TURNER

Cong. Bob Price and Undersecretary of Agriculture J. Phil Campbell will host a meeting at 10 a.m. Friday of all area farmers concerning the 34 county quarantine due to scabies, at the

Quality Motel in Amarillo.

An aide in Price's Amarillo office said the meeting will be held to clear up some of the questions and problems caused by the scabies dipping regulations.

Also attending the meeting will be Cong. Graham Purcell, Dr. H. Q. Sibley, state veterinarian for the Texas Animal Health Commission, Dr. James Young, veterinarian in the Amarillo office for the Health Commission, and Dr. Bob Anderson of Fort Worth, commissioner of Health Commission.

Bob McCasland of the Randall County Farm Bureau said, "We think that the people in the Texas Animal Health Commission have given the scabies problem a considerable amount of thought and done a great amount of research. We don't want to say we are opposed to dipping in general, we just want the Commission to consider the stocker cattle."

He explained, stocker cattle at the time farmers buy them weigh from 350 to 400 pounds. The farmer takes them back to the farm and fattens them up to 750 to 800 pounds, before they are ready for the feedlot.

"If a stocker cattle buyer wants

to have his cattle dipped, that should be his prerogative, but he shouldn't have to have them dipped if he doesn't want," McCasland demanded.

"We spend 200 to 250 days getting our cattle up to the proper weight," explained Al Bueck of the Randall County Farmers Union. "At Monday's market prices we could have made about \$65 a head for stocker cattle. That \$65 represents 200 to 250 days of work, without having the added expense of dipping, without having a high death rate brought on by dipping. I only have to truck my cattle about 35 miles. Some farmers have to truck them quite a bit farther."

If the market went down just seven cents a pound, we would be just breaking even," Buecker declared. "So the profit of margin is pretty small."

Buecker estimated dipping costs at 35-45 cents a head and approximately \$1 per head shipping fee, one way. "Aside from that expense your death rate can go way up. When you buy the cattle at market they have already been shipped once and many of them are weak and/or sick. The normal death

## Gas Charter Is Tabled By City Dads

Canyon city commission Monday night decided to table for further study a proposal by Pioneer Gas Company that its old franchise be extended rather than a new franchise agreement drawn.

Present franchise of the company expires July 14.

The present franchise does not include some of the provisions provided under the city charter adopted by Canyon about 12 years ago. City Manager George Louder said the charter provi-

## Reds Still Danger

By TROY MARTIN

Wherever you find communism you find total dishonesty, total cruelty, total depravity, Princess Catherine Caradja of Romania told a gathering at First Baptist Church Sunday night.

She warned that communism has not deserted the principles laid down by the Marxist genius Lenin.

The father of modern communism advocated use of professional revolutionaries to

foment strife in countries torn by internal disorder, she said.

The princess said Lenin was so successful that his methods still are being used today.

"I know what it is like because I lived it," said the princess who lived for eight years under communist rule in Romania before escaping to the free world.

"You can't pass on what you have lost," she went on recounting how her country fell under the red tide along with the remainder of Eastern Europe at the close of World War II.

"If the reds win an election it is not a matter of voting them out next time. If they win an election there will be no more elections."

"It is you who are in danger because you don't realize the depth of the danger you are in."

She said that just as they did in Europe and Russia, professional revolutionaries are at this moment plotting the downfall of the United States.

Princess Caradja told of her experiences under the red regime in her country.

## State Delegates Elected At Political Conventions

## Demos Endorse Combining Potter-Randall Counties

Randall County Democratic Convention Saturday night voted for the merging of Randall and Potter Counties.

Strong, outspoken supporters of George McGovern pushed a resolution which proposed a decrease in the US military budget, further accommodation with the communist powers and increased federal spending on internal needs of the nation.

This resolution was shouted down. The proposal to merge Potter and Randall Counties was made by David Stults, an Amarillo school teacher, from Precinct 20 in South Amarillo.

Vote on the measure was 118 to 72 with bulk of the opposition coming from rural areas of the county. However, Canyon's largest precinct, Precinct 6, was evenly split voting 11 to 11.

The resolution cited economy,

efficiency and convenience as causing the need for such a merger.

Stults said Amarillo is the

largest city in Texas cut by a county line.

An earlier resolution to combine governmental entities of the two counties was voted down. Objection to it lay in the fact that it called for merging schools, hospital districts and other subdivisions within the two counties.

A short, sharp exchange erupted over whom the convention would commend. A resolution from the resolutions committee called for commending several Democrats holding elective office.

Dr. Sam Fine objected because the list did not include former senator Ralph Yarborough. Dr. Fine was stung two years ago when the county convention openly snubbed Yarborough who had just been defeated by Lloyd Bentsen.

## Lawyers As Judges Endorsed By GOP

The Randall County Republican Convention passed a resolution Saturday favoring legislation requiring all judges to be licensed attorneys by a vote of 92 to 70, the closest vote on any issue in the convention.

Dick Brooks was elected permanent chairman of the convention and 27 delegates and 32 alternates were elected to attend the Republican state conventions June 13 in Galveston and Sept. 19 in Ft. Worth.

Two hundred nineteen delegates representing 17 precincts attended the convention.

Delegates to the convention passed 19 resolutions with little dissension on any of the votes.

The delegates commended President Richard Nixon's decisions concerning action taken in Vietnam and endorsed

Vice-President Spiro Agnew for re-election with enthusiastic applause.

One dissenting vote was cast on both these resolutions.

The convention passed a resolution in support of the constitutional amendment

FROM THE

CANYON RIM

If you don't like George McGovern for President then you shouldn't vote for Ralph Yarborough for US Senator in the June runoff.

We've been saying for years that Ralph Yarborough and George McGovern are political brothers.

The Randall County Democratic convention should prove our point.

Key supporters of Ralph Yarborough in this community also lined up as delegates committed to McGovern.

These same delegates pushed a resolution urging the national Democratic Party to adopt a 1972 plank pledging a US decrease in military budget, abatement of belligerence, more accommodation with the communists and pursuit of peaceful policies abroad.

To support such a plank it

would seem necessary to take the position that the US faces no danger from abroad and is wasting money on national defense, that this country is belligerent and spoiling for a fight, that the communists are not such bad folks and we should get closer to them and that warlike America is not a good citizen of the world and should behave.

If you believe this is true then you should vote for George McGovern and Ralph Yarborough.

On the other hand, I think that if you feel that the Russians are not building armadas for Brezhnev's bathtub or nuclear hardware for a New Year's celebration you ought to vote for leaders who want to keep America's guard up.

\*\*\*

Randall County Democrats by an overwhelming majority voted

to back legislation which would lead to the merging of the county with Potter County.

One of the reasons for pushing the merger is economy and another is efficiency of government. A third reason is convenience.

Let's take economy. Potter County has always boondoggled. Their county government is much more expensive than Randall's. That's the reason they're always trying to get us to go partners with them on something so we can stand some of the expense.

Consider efficiency. Look at the metro squad. Its accomplishments to date haven't been much to brag about. It's a prime example of merger.

As for convenience: Did you ever try to get a parking place within three blocks of the Potter County court house when district court was in session?

But to cap it all off, Potter County is corrupt and has been since I've known anything about it. I'm not speaking from hearsay. I was a police reporter in

Amarillo for three years for a daily newspaper.

The bawdy houses, the gin mills and the gambling houses may be shut down for a few weeks or months but like the hydra, you chop one head off here and another one appears over there.

If the people of Randall County want to merge with Potter on these terms more power to them but I think when there is a wedding each party should know something of the character of the other.

When a woman marries a gambler or a drunk she may change but he seldom will.

I talked to A. W. McBeath, editor of The Eagle Pass News-Guide, this week.

McBeath says that although he supported Briscoe, Ben Barnes carried Maverick County.

"The political banditos did it," McBeath declared. He said by political banditos he meant the local political machines.

Briscoe's role in a suit against the Eagle Pass School District figured in the gubernatorial election.

I wonder what will be the reaction of H. M. Baggarly to the shooting of George Wallace.

Baggarly has pilloried Dallas as a city of hate since the tragic death of President John Kennedy there in 1963 by an American expatriate just returned from Russia.

I wonder if he will give Silver Springs, Maryland the same treatment he gave Dallas.

I wonder if he will find the blood of George Wallace as precious as that of John Kennedy, Robert Kennedy or Martin Luther King.

I say these things not to open old wounds, but to demonstrate to anyone who will listen, including Mr. Baggarly, the utter foolishness in blaming a city or a people for the demented act of one individual.

Congratulations

gives a little feeling

of HOME to your house

... adds something to its personality ... feels friendly when you return home at night or guests come over. A gas light casts a gentle glow that doesn't attract insects and adds a touch of safety that can make you feel a little more secure and sleep a little softer.

And for lasting beauty, it's crafted from rust-free aluminum.

Call Pioneer Natural Gas Company or ask a Pioneer employee you know about an outdoor gas light.

It's a touch to your home ... you'll like the feel of.

Red Legs Nab First

In Major League Play

Two games were played in the Canyon Major leagues last weekend, the Red Legs topped the Dodgers, 11-4, while the Yankees squeaked by the Braves, 8-7.

**Red Legs 11, Dodgers 4**

The Red Legs pounded out three runs in each of the first three innings to swamp the Dodgers 11-4, behind the three hit pitching of Camfield.

Camfield went the distance for the Red Legs, striking out seven and walking six. Brown was his catcher.

The Red Legs moved into sole possession of first place in the league with the win. Both teams had been tied at two wins and no losses. Bender and Nix were the losing battery, as Nix fanned five and walked 10 in 2 and one third innings on the mound. Pruett relieved Nix and he walked five and struck out five.

Cranmer blasted a home run for the Red Legs, and Griffin smacked two singles. Davis had one single.

Slagle, Bender and Sanders all had a base hit apiece.

**Yankees 8, Braves 7**

The Yankees picked up their first win of the season scoring

eight runs in the third inning to whip the Braves, 8-7.

Collins pitched all six innings for the Yankees and allowed but one hit, that coming by Childs. Collins fanned 13 Brave batters and walked 12.

Roberts and Palmer opened on the mound and behind the plate for the Braves and were credited with the loss. In the fourth inning Palmer moved to the mound, while Roberts took over the catching duties.

Both Edmondson and Collins belted a double and a single for the winning Yankees, while McKinney slapped a two bagger. Cneyne Haws and Kendrick, all recorded a base hit.

The Braves took a 2-0 edge in the first inning. The game was scoreless in the second stanza, before the Yankees exploded for eight runs in the third, while the Braves could manage only a pair of scores. The Braves narrowed the margin, scoring a run in the fourth and two in the fifth, but could not top the eight run pace the Yankees had set.

**Guidelines Released For Second Primary**

Mrs. Audrey Bruse, tax assessor-collector, has issued guidelines for voter registration in order to prevent errors in voting in the second primary election.

If a voter has moved within Randall County since the voter registration certificate was issued, he should bring the certificate to the tax office in Canyon or the Amarillo annex to have it transferred, Mrs. Bruse said.

Voters moving into Randall County should register immediately at either tax office location.

If a voter has lost his certificate, the voter should obtain a replacement and a voter must have registered by May 3 in order to be eligible to vote in the second primary.

The only exception is if a voter was eligible to vote by federal postcard where the effective date must be May 29 or before.

**Class Hears Mrs. Davis**

Mrs. Helen Davis presented a program titled "The Healer," and Mrs. Rosa Cox gave a devotional using a ring of keys to represent "Stepping Stones of Life," when members of the Phebean Sunday School Class at First Baptist Church held their May fellowship in the home of Mrs. Boots Weeks.

## Water, Inc. Group Drive Falls Short

The Randall County Unit of Water, Inc. fell far short of their 100 member goal at a meeting Monday.

The group had set a goal of 100, to be eligible for a member on the Water, Inc. board of directors. At the close of the meeting secretary Bob Lindsey reported about 32 members.

Dr. Frank Daugherty was elected president of the group. Jim Fletcher was immediate past president.

Tom Williams, area representative for Water, Inc. spoke at the meeting. Williams told the group this time next year figures on how much the water will cost, how many acre feet are available and how much the total project will cost will be complete.

Williams said Brown and Root Construction Company projected eight years to build the canal, which will be approximately 160-165 feet wide and 35-40 feet deep. "Realistically it will be 15-18 years from now before we could actually receive any water. In 1969 the total cost of the project would have been \$10 billion dollars, \$3.5 billion of which was Texas' share. I really can't say what the project will cost now."

If the plan is finally accepted by the Texas voters, the Texas Legislature and the Congress, the open trench viaduct will provide water for the Panhandle and east Texas until 2020.

Lindsey projected the cost of the water to the consumer in Randall County will be from \$35 to \$60 an acre foot. County Agent John Brazzil said three years ago it cost \$22 an acre foot to pump water just within Randall County, so the price of the Water, Inc. plan was well within reason. "Up to 40 per cent of the cost of the water will be the power it takes to move the water this distance," Williams noted.

The project, once finished, from New Orleans to the Dallas-Fort Worth Area, would be controlled by the Army Corp of Engineers, while from Dallas through Eastern New Mexico would be overseen by the Bureau of Reclamation, according to Williams.

The water would be pumped from south of New Orleans after everyone in Louisiana had a chance to get whatever water they needed. Much of the water would be stored in lakes in East Texas near Marshall, and north of Dallas and Fort Worth, because of the 40 per cent evaporation rate in this area. However,

several storage areas are planned in the Panhandle.

Local distribution of the water would be left to the County Units of Water, Inc. The water will be used for municipal, industrial and agricultural purposes. Those farmers who were irrigating in prior to or during 1969 will have first priority on the agricultural water.

Fletcher urged all persons in Canyon to join the Randall County Unit. "This is a necessity to make our area grow like it should. We will run out of water within the next 25 years if we don't do something about it. This organization is for all the people of Canyon not just farmers. Water will benefit us all," he concluded.

# Denise Bonifield Named Cheerleader

By PAULINE HEFLEY

OUR FEARLESS LEADER, his spiffy secretary, our own Florence Nightengale, the lovely ladies that prepare our vittles daily, and our fine faculty were honored Wednesday last with the Annual Teachers' Tea. Understand the theme of the day was "All We Need Is Love" with posters up everywhere and the grand climax was the tea at 3:45. Each school representative was presented with a cleverly decorated pencil holder made out of wood-I believe Guy Burkin gets credit for them-and a corsage. Of course, you couldn't have a tea without lots of yummys such as punch, cookies, etc. A good time was reported to have transpired, and thanks to the Executive Board of the P.T.A. for their outward manifestation.

HAPPY ANNIVERSARY TO Mr. and Mrs. Fred Finke.

BY TIME YOU get this the Band Spring Concert will be history, but we shall cover a little of it next week.

THE MOST FUN TIME OF all is forthcoming-Gene Howe

Those present at the housewarming included a guest, Mrs. Jerry King, and Mrs. Bernard Grabber, Mrs. Clarence Howard, Mrs. Jimmie Janssen, and Mrs. Elliott.

GUESS OUR FEARLESS leader is fast recovering from his surgery as he has resumed his golf game, which has to be a sure sign, eh what?

A BIG CONGRATULATIONS to Denise Bonifield in the sixth grade who was elected to be a cheerleader next year in the seventh grade. We believe this is the first Gene Howe sixth-grader ever to be elected and we

are all proud of you, Denise.

IF YOU HAPPEN to know of/or have a five or six year old that will be starting to school next year, you need to get in touch with the Gene Howe School office post haste at 355-6501. Thanks.

HAPPY ANNIVERSARY TO Mr. and Mrs. Gene Bural.

THIS WRITER, USE term loosely, collected on me Birthday present from the month of February this last week with a glorious evening in Pampa listening to Van Cliburn. You recall that the Carl Johnsons had given me ticket for my Happy and Mrs. Johnson, daughter Cindy, and Willetta's mother, Mrs. W. A. Riney, Jr. of Amarillo motored over for the event. The entire evening was simply

exhilarating from the opening number of The National Anthem to the third and final encore of Chopin's Polonaise. Wow, that man can tinkle the ivories. Thanks to the Johnsons for a really lovely evening and a true highlight of this year. At a performance such as this one is reminded anew of the value of the finer things in life, that do stand the test of time. Who can tell what young lady or young man could have been sitting within the sound of Mr. Cliburn's playing and might be inspired toward a life of music? Besides all those guys that wrote them melodies have proved their worth in the fact that their music has stood the test of time. By the bye, saw our Canyon Mayor, Dr. Manly Bryan there.

THAT ROY DAUM really was put to the test during our last deluge of rain. Understand he was caught in an underpass in his motorcar and it was simply drenched. He is now taking the seats out to dry, etc. Also learned he even found a cow chip in the motor, which leads one to speculate exactly which underpass he was under. Now doesn't that sound like a tall Texas tale to you? Well it's true.

OUR FEARLESS LEADER had as his recent guest a lovely Southern Belle and she was very graciously received by all who met her and apparently she is quite lovely.

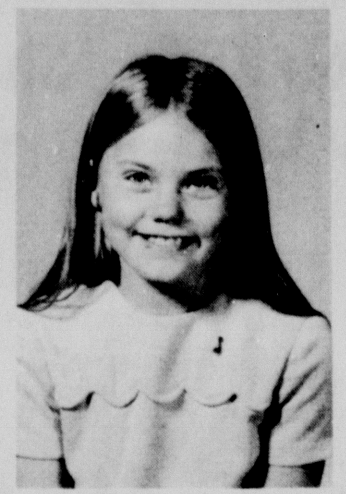

UNDERSTAND THAT SOMEONE that we all know and love has been breaking noses lately, could that be?

WELL, ME AND Lovie and Jodi and Alexis tootled down to Dallas this past week to catch the World Championship of Tennis matches. It was well worth the trip and also got to take in Six Flags Over Texas, with all the other hundred thousand people. Had a great time. Speaking of Tennis, here's a "good luck" wish to Coach David Kent and his tennis team who are at this time in Memphis, Tenn., at the Missouri Valley Conference. Hope they bring home the trophy and I'll let you know if they do.

## School Days Recalled; Choirs Receive Ovation

By MARY JO GRIFFIN

TOMORROW WILL BE the last day of school for the members of the Canyon High School senior class of 1972. It has been a great 12 years for these students. To the parents it has been a very short 12 years, but the seniors may think more like "In '72 we're finally through." Remembering back a few years there was the hula hoop, the marbles, the tops, and bobby sox. Then came miniskirts and wigs, cars and hot rod rigs. Dates and school rules to break, and those parents-goodness sakes! But you made it all the way through and congratulations to each one of you. The seniors will enjoy this next week without classes and Friday night will be the Commencement Exercises.

TONIGHT WILL BE awards night for the National Honor Society Induction meeting. We are proud of the members from CHS.

A HAPPY WEDDING

Anniversary wish to Mr. and Mrs. Joe Rogers today May 18. May you have many more happy years. Joe and Peggy.

MRS. TOMMY GOODWIN (Marsha Jones) was honored with a bridal shower Monday night in the home of Miss Penny Morton in Amarillo.

MR. AND MRS. Ted Allen are the proud grandparents of a handsome new grandson. He was born Saturday at Neblett Hospital and is the son of Mr. and Mrs. Kelvin Allen. Congratulations to all the Allen family.

LAST FRIDAY NIGHT the choirs from Canyon High School and Junior High presented a great concert. The performance

was magnificent and the standing ovation received by the choirs and their directors, Tom Jennings and Gene Murray, was well deserved. These choirs and their leaders have really been winners this year.

MR. AND MRS. John Gaston and boys were in Lubbock last weekend to attend the Sonny and Cher show. They said it was real good. From there, they went on to the tip of Texas and over to Matamoros, Mexico. Had a good trip.

HAVE TALKED WITH several in our neighborhood who visited with their mothers on Mothers Day last Sunday. Mr. and Mrs. Murray Leith and family visited with Wanda's mother and father, Mr. and Mrs. Earnest Luedecke, in their home in Pampa. Mr. and Mrs. Herbert Hall and family were in Vernon over the weekend to visit with Herb's parents, Mr. and Mrs. E. E. Hall.

THE HERBERT HUTCHINS family visited with Charlean's mother, Mrs. Charlie Baker near Sayre, Okla. All the children were there for the occasion, and they report a real good time. Also, Herbert was in Lubbock several days last week.

MR. AND MRS. Ted Allen were in Tulla to visit with Bernice's parents, Mr. and Mrs. Mark Anderwald.

AND WE WENT to Amherst with my sister and her husband, Mr. and Mrs. Thurman Brown of Amarillo to visit with our mother, Mrs. Herbert Roberson. My other sister, Mrs. Jimmie Bass and family and brother Harold Roberson and family were all there.

ISURELY COULD use your happenings around our neighborhood. Glad to see that Siesta Plaza has a neighborhood column now. They have a real nice community there.

# Firemen Receive Gift

By CINDY CAPPS

DURING LAST WEEK'S rain and tornado warnings, I saw many unfamiliar faces in the storm shelter. It's great to have a safe place to go during storm warnings, but it is too bad that is the only way we get some people out of their homes. We wish more of you would come to our meetings. The next Volunteer Fire Department meeting is May 18 at 7:30 p.m. in the Recreation Building.

Weather permitting, the men will paint our fire truck red. THANKS TO "PINKIE" Floyd and his father for donating the pump. We certainly do appreciate it. The Women's Auxiliary met last Tuesday so their next meeting will be May 23 at 7:30 p.m. in the Recreation Building. All women are cordially invited. We could sure use your help (and information for this article).

A KINDERGARTEN TRACK meet was held at Rex Reeves last week for all the children in the Canyon kindergartens. I know of only three Siesta Plaza children who participated and I imagine there were more. Mothers, please call me so we can get the kiddoes' names in The Canyon News. Rhonda Lynn Shaw and Marci Weeter helped Rex Reeves win a Second Place in the tug-of-war contest. Ray Van Zandt helped win First Place in that same contest while playing for the

Baptist Kindergarten. WASN'T SUNDAY A lovely day? I hope all Siesta Plaza mothers had a happy Mother's Day.

I SAW VALERI Edwards swimming in the pool along with some others. New-comers to Siesta Plaza, Kathy and Rich Herrin, were seen out bicycle riding. Tex Reed was working in his lawn and his wife, Pat, gave us some tin cans to try to protect our tomato plants from the wind. Betty Roberts seemed busy working on her lawn also.

IGUESS THAT'S all for now. Be sure and call me for with your news at 353-2024. Have a happy week!

## Presidents Picked By Band Boosters

Mr. and Mrs. Vince Ramakers were named the 1972-73 presidents of the Canyon Band Boosters Tuesday night in a meeting in the band hall of Canyon High School.

Mr. and Mrs. Bill Reid are the new vice-presidents. Mr. and Mrs. Fred Finke, secretaries, and Mr. and Mrs. Gerald Dietz, treasurers.

St. Mary's Parish Hall at Umbarger is to be the scene of a banquet for members of the Eagle Band Saturday night. Picnics for junior high bandmen were held last week and for Rex Reeves and Gene Howe on Wednesday afternoon.

Some delegates objected Saturday night to commending Yarbrough because the former senator is in a runoff election with Democrat Barefoot Sanders.

A compromise was reached by urging support and election of a Democratic senator next fall.

The convention passed a resolution calling for a constitutional convention of elected delegates to revise or rewrite the present state constitution.

This in effect was a vote against a resolution asking support of a constitutional amendment on the November

ballot authorizing the state legislature to sit as a constitutional convention.

"I support a new constitution," said a delegate from Precinct 20, "But I don't think the legislature should write it."

A proposed constitutional amendment would authorize the 63rd legislature to sit as a constitutional convention.

The convention passed a resolution calling for the return to "stable farm programs of the 1960s" and condemned farm programs of the Nixon administration. The resolution was introduced by George Dowlen.

Delegates voted down a proposed resolution calling for a plank in the national 1972 platform pledging to decrease the military budget, abatement of American belligerence, more accommodation with the communists and pursuit of peaceful policies abroad.

Although voted down, the proposed measure received considerable support, mostly from McGovern adherents.

District Judge Don Dean was chairman of the convention with Mrs. Virginia Cotton acting as secretary.

New rules called for at least one third of delegations to the state convention to be women. Randall County was one woman delegate short of that ratio.

There was some grumbling about the new rules, mostly because it slowed down the convention's work.

Fred Rathjen of the West Texas State faculty did not figure into that number.

"I feel like I was treated better

than ever before," Rathjen declared.

A survey of delegates showed 13 uncommitted, 7 for McGovern, 2 for Humphrey and 1 for Wallace. Senator Max Sherman was named chairman of the Randall County delegation.

Delegates to the Democratic state conventions and their presidential preference as stated either at the county convention or the precinct conventions are as follows:

Precincts 1, 2, 3, 4, 7, delegate, David Matthis, Canyon, McGovern, and alternate, Nolon Henson, Happy, uncommitted.

Precinct 5-delegate Mrs. Virginia Cotton, Canyon, uncommitted, and alternate E. E. Elliot, Canyon, McGovern.

Precinct 6-delegates Benny Turner, Canyon, uncommitted, and Andrea Green, Canyon, McGovern, and alternates Darrell Munsell, Canyon, McGovern, and Elaine Peoples, Canyon, uncommitted.

Precinct 8, 12 - delegate, Miss

Rebecca Jo Allen, Amarillo, McGovern, and alternate, James S. Judge, Jr., Amarillo, McGovern.

Precinct 9, 17- delegate, Leon Blevins, Canyon, uncommitted, and alternate, Mrs. LaQuitta Polvadore, Amarillo, uncommitted.

Precinct 10, 11- delegate, Wayne Bagley, Amarillo, uncommitted, and alternate, Bob McClendon, Amarillo, uncommitted.

Precinct 13- delegate, Ron Cowart, Amarillo, uncommitted, and alternate, Carl Hall, Amarillo, Wallace.

Precinct 14- delegate, Benny Stingley, Amarillo, McGovern, and alternate, Roger Everett, Amarillo, uncommitted.

Precinct 15- delegate, Wayne Dammier, Amarillo, uncommitted, and alternate, L. O'Brien Thompson, Amarillo, uncommitted.

Precinct 16- delegate, T. A. Serrurier, Amarillo, uncommitted, and alternate, Edwin B. Henderson, Amarillo, Humphrey.

Precinct 18- delegate, Mrs. Adele Barnes, Amarillo, McGovern, and alternate George Dobervich, Amarillo, uncommitted.

Precinct 19- delegate, Mrs. Roberta Hicks, Amarillo, uncommitted, and alternate, Lawrence W. Miller, Amarillo, uncommitted.

Precinct 20- delegates, David

Stultz, Amarillo, McGovern, and Judge Don Dean, Amarillo, uncommitted, and Jim McNease, Amarillo, uncommitted.

Precinct 21- delegate, Ed Fletcher, Amarillo, uncommitted, and alternate, Herbert O. Stroud, Amarillo, uncommitted.

Delegates at-large-Sen. Max Sherman, Amarillo, uncommitted, George Dowlen, Canyon, uncommitted, Mrs. Louise Evans Bruce, Amarillo, uncommitted, and Richard Martin, Amarillo, McGovern.

Alternates-at-large-Willie Fletcher, Amarillo, uncommitted, Myrna Lamb, Amarillo, McGovern, Marion Bruce, Amarillo, uncommitted, and Dr. Samuel Fine, Amarillo, Humphrey.

calling a constitutional revision commission which would precede the convening of members of the 63rd legislature as a constitutional convention in Jan., 1974.

The convention voted down a resolution opposing the amendment. The resolution opposing the amendment agreed constitutional revision was needed but stated the revision by a commission appointed by the 63rd legislature would be undesirable and detrimental to the Republican conservative cause in Texas.

The delegates passed resolution opposing the Occupational Safety and Health Act of 1970, recommending a thorough study of the Texas tax structure and the administration of income and expenses, in favor of welfare reform to provide a greater incentive for those who will work, and opposing busing to achieve racial balance in the schools.

A resolution was also passed supporting consideration of all bills by open hearings before committees not less than two weeks after public notice of the hearings.

There should be one week's notice to registrars after the bill is

reported out of committee before debate and vote on the floor of the House and Senate, the resolution continued.

The resolution also asked that all who have registered be notified of pending bills affecting their businesses be notified by their state legislators, with a copy of the proposed bill and a date and place of hearings.

The convention also passed a resolution commending and supporting Republican candidates and office-holders.

Delegates elected to attend the state convention are: John Fulgenzi, Rhett Plank, Mrs. Audrey Bruce, Bill Butler, Don Reavis, Tom Price, Mrs. Betty Brandon, Mrs. Nancy Reavis, Mrs. Kay Fulgenzi, John Kenehan, Steve Stierquell, John O'Brien, Mrs. Marcelle Perrin, William Graham, Greg Edwards, Dale Lassiter.

Dick Brooks, Mrs. Beverly Plank, Mrs. Terry Thomas, Mrs. Alice Butler, Jim Braden, Terry Thomas, Ralph Bruce, and a tie vote was cast for Dr. John Jones and Kathy Reed for the 27th delegate.

Alternates to the convention are Mrs. Linda Price, Mrs. Glenna Brooks, Mike Abdo, Kirby Sunderman, Bill Steck, Joe Jacques, Stanley K. Davis, Don McCall, Evelyn Graham, Mrs. Carolyn Brown, Mrs. Jimmie Lee Foster, Mrs. Betty Wilson, Dr. Holly Reed, Jim Darnell, Donald Todd, Brent Lynch, Regina Abdo, Lee Klamme, Pauline Darnell, Sharon White, Naomi Crown, Bill Harlow, Pat Steck, Mrs. Mary Kenehan, Mrs. Mary O'Brien, David Nelson, Garland Long, Mrs. Dorothy Reed, Calvin Kunkle, Neal Allen, Mrs. Carol Harlow and Pat Allen.

the election.

The commissioners designated Patty Caldwell of the WTSU computer center as program manager for the election.

The program written for the first primary election may be used in subsequent elections and will be designated as a permanent program.

The commissioners reviewed 11 applications for county road superintendent and will interview six of the applicants at 10 a.m. Monday.

Hutton reported to the court he would submit a bill for \$1,072.40 to the Republican party for the first primary election and a bill for \$1,577.70 to the Democrats.

The court reiterated its policy of paying county employees 10 cents a mile to attend conferences and meetings with the exception of when the commissioners order employees to attend.

The issue of expenses paid to county employees on such trips was brought to the attention of the court last week when Mrs. Audrey Bruce asked to attend a conference.

George Dowlen, district attorney, requested he be allowed to attend the Texas District and County attorneys conference this week in San Antonio and the request was approved.

The commissioners set the times for the opening and closing of the polls for the Lake Tanglewood election at 8 a.m. and 7 p.m.

late August or early Sept. The recommendation for the policy change came from the Joint Professional Communications Committee, because the Aug. 15 cutoff date is more near the opening of a school year.

Jacobs also told the board members the high school cafeteria is losing "a pile of money." He suggested the food for the high school cafeteria line could be cooked in the junior high cafeteria and hauled to the high school. "Another alternative is to simply shut down the high school cafeteria and leave open only the snack bar. We are losing about 35 cents a plate we serve through the cafeteria line," he said.

"Students just want to get away from campus during the noon hour," said Dr. Dudley Moore, president of the school board.

The trustees rejected four bids on two school vehicles up for sale. Three bids were received on a 1967 Ford bus, the highest of which was \$437.87 and only one bid of \$87.87 was received for a 1967 International panel truck.

Mary Raef a representative from the senior class presented the board with the two senior gifts. The class purchased a new scoreboard for the high school gym and a fence to be erected around the school seal. The board officially thanked the graduating seniors and unani-

mously accepted the gifts.

School Business manager Ray Schultz, reporting on the recent school board tour of all the school facilities, said the school definitely needed help with the electrical work around the system. He also said the school did not need extra help with the custodial work, but "we just need to do a better job of training the personnel we have."

Tom Keeling asked Schultz if the principals and the assistant principals could not do a better job in supervising the custodians. Schultz said there was no question about that.

Schultz will present a detail report on the maintenance and custodial help at the June 6 meeting of the board.

4-H Clubbers Plan Picnic

A summer picnic was planned when members of the Randall 4-H Club met Monday.

The group also filled out forms for awards they will receive in the fall.

Larry Hales led the group in the 4-H pledge and motto.

Others present were Cynthia Brashers, Connie Brazzil, Joelyn and Penny Crowley, Bryan and Jay Friemel, Mike and Doris Grabber, Millie, Willie, and Debbie Hales, Glenda Hollenstein, Del Ray James, Eddy Sauer, and Tom Grabber.

outside the city limits and the extraterritorial jurisdiction of Amarillo is five miles outside the city limits.

Under the Municipal Annexation Act of 1963, no city may incorporate within the extra-territorial jurisdiction of any city without the written consent of the governing body of such city.

The residents in the proposed city would have to obtain permission of the Amarillo city commission in order to incorporate the area.

The Canyon city commission can annex to within 4 mile of Buffalo Bowl, according to George Louder, and Canyon's extra-territorial jurisdiction would then overlap the proposed township.

Louder said the Canyon commission was studying the alternatives to incorporation. He said the commission was concerned about the proposal.

"An established community is always wary of a newly incorporated area that comes in unplanned because it sometimes becomes a burden on the established area," Louder declared.

Dale Williams of the planning and zoning office of the city of Amarillo, said Monday he did not have any idea how the Amarillo city commission would feel about the proposed incorporation.

Mark Richards, a resident of the area, said he was totally against the incorporation. He said he had not been informed of the proposal before he heard it on the television news.

He said he had talked to several other residents in the area who were also not informed of the idea and were also against it.

"We were caught wide open," he declared.

Richards said he would like to talk to Prati to see what his ideas on the incorporation area. Richards said personally he did not want the taxes.

rate is two to three per cent. If you dip these sick cattle the death rate is bound to go up even higher," said McCasland. "As we have said before, this cure for scabies could prove to be worse than the disease itself, at least for the stocker cattle."

Rep. Tom Christian of Claude said he, too, felt the stocker cattle should not have to be dipped. "I think if you dip the cattle at the feedlots you catch most of the stocker cattle except for a few going out of state and these have to be dipped anyway."

"I think the farmers complaint is definitely a legitimate one, but we must keep in mind two things. First, we have to eradicate scabies so the other states will lift their embargos on the Texas cattle; and, secondly, create the least burden possible to the people of the industry here in Texas," Christian noted.

Christian said 38 states currently have threatened embargos on Texas cattle. Many of the states, such as Montana, who have embargos on Texas cattle have also stopped the flow of cattle into Texas owned industries within their state, Christian said. "In a sense this is giving these states a lot of power through their embargos and I think they are enjoying it."

"We have got to be more aggressive. We are going to have to have more activity in the legislature. Texas has got to stop being the dumping ground for these other states," Christian maintained.

"All the area farmers should attend this meeting because it could cause a great economic strain on us all," said Buckner. "We are going to get these rules changed or at least adjusted, this is the meeting to get it done. I don't think we will ever get this group of officials together again," added McCasland.

# Community Association Formed

By SUSAN DOLLE

WITH AN INTEREST in developing unity and friendship within the Umbarger community, 22 people met in the school gym Monday night and voted to form an Umbarger Community association. The group agreed to elect a five-member board that would initiate activities for the association.

### THE FIVE MEMBERS

-elected during the meeting are Paul Ferguson, Tom Payne, Susan Dolle, Bernard Hartman, and John Wieck. The board has elected

Paul Ferguson as temporary chairman. Before the next meeting of the Umbarger Community association, board members will draw up a general framework for the organization and make suggestions for immediate future plans.

SUGGESTIONS FOR ACTIVITIES during the general meeting included sports activities, family game nights, community dance and seasonal parties, and a community auction. Any community member who is interested in the organization can inform the board members of his desire to belong. Hopefully, the organization will serve all family members.

PISTOLS AND PETTICOATS Square Dancing club will hold a surprise cake walk at its regular session this Sunday night at 7:30 in the parish hall. All dancers will be included in the walk, and a few surprises will be held in store.

TWENTY-SIX CLUB members journeyed to Dumas last Saturday night to retrieve the

club banner from the Hoe-downers. Herrick Allen was guest caller for the evening.

MR. AND MRS. Paul Ferguson recently attended the Panhandle Square Dancers Association meeting in Pampa representing the Umbarger club. The association is promoting car decals, so that more people will be aware of square dancing in this area. The next meeting will be held in Canyon in August.

THE A. R. FRIEMELS welcomed unexpected guests last week when Mr. and Mrs. Bill Lucky of Indianapolis stayed over night in their home. Mrs. Friemel said that Arlene Lucky had been her roommate when both women were working before their marriages. She had not seen her friend for 26 years, but had maintained yearly correspondence. The Luckys were enroute to her home in Arkansas from Ft. Carson.

THE KNIGHTS OF Columbus, Umbarger Branch 2808, held the admission degree for seven candidates last Tuesday evening. Initiated into the organization were Bob Gerber of Amarillo, Joe Johnson of Canyon, J. T. Dolle of Littlefield, and Glen Stocker, Andy Wilhelm, Jim Grabber and Howard Koch. Membership chairman Joe Koch said that the two other degrees

## Man Charged With Burglary

Robert Frank Irving, 18, of 1514 2nd Ave. in Canyon, appeared before Judge W. A. (Bill) Wilson Wednesday on a charge of burglary by breaking.

Irving will be held in Randall County jail pending an examining trial.

Al Stewart, Canyon police chief, said Irving was charged with residential burglary.

Churches were taken over as anti-Christian museums and parents were forbidden to teach their children about God. Leaders were murdered.

"You didn't have to hold an office," the princess related, "to be eligible to be murdered you only had to have a personality, the ability to gather people around you."

She said the reds demanded that the survivors be deprived, humiliated and crawling.

"For you who believe that salvation comes through knowing the Lord...think of the little ones, the unborn ones. Who will have condemned them...those who did not fight. They will be condemned to a miserable life here with no hereafter...at stake is the whole future and the future of your children."

She noted that under the reds it is necessary to obtain a permit for a meeting of more than six people. If a family is to hold a funeral a permit is a necessity.

# Stormy Weather Breaks Up Meeting

BY VICKI HOOKER

**VICIOUS-LOOKING CLOUDS** and tornado warnings cut the board meeting short a week ago last Tuesday night at Dan Bailey's. Everyone scattered when we received a call that a tornado had been sighted north of Canyon, and Dan was left staring at a platter full of Dunkin' Donuts that no one had touched!

**ALL BOARD** members were present, and the meeting lasted long enough to discuss business. Mr. Cannon, who owns property just west of Doyle

Trimble, asked and was granted permission by the board to take down the small manual gate on the northeast side of the entrance in order to move his 14' x 52' trailer to his property. A \$100.00 deposit will be held until the gate is put up properly again.

**FIVE** donations have been received to help concrete the tops of the flatcars when they are put in place. A yard of concrete is \$20.00, but the board is not certain how many yards we will need. If you would like to donate to this most worthy cause, please contact Bob Walker or any of the board members.

**THE BOARD** was pleased to have as its guest, Eddie Jeffers, who recently moved here with his family from Amarillo.

**AS USUAL**, there was a hassle right up until the last minute as to whether or not we would have the picnic, but because of all that most welcomed rain we received last week, the picnic was cancelled, and we will try again this Saturday night at 6:30.

**BABIES** are in the news this week! Congratulations to Dorothy and Gene Tate on the birth of their granddaughter, Tammy Jean Tate. Tammy was born May 3 at 6:30 p.m. in St. Anthony's Hospital in Amarillo.

She is "perfect in every way," according to Dorothy, weighing 5 lbs. 12 oz. and 19 1/2 inches long at birth.

**THE DETTEN** family on the Claude Highway was blessed with their fifth daughter last Friday Morning. Her name is Amy Jo Beth; she weighed 7 lbs. 3 1/2 oz., and was 19 inches long. Judy Detten is secretary for the Palisade Home Demonstration Club and we have teased her periodically this year because she insisted she was going to have this baby completely naturally, and have the women in Club as midwives. But when it came down to the final hours, she decided against the "natural way," Judy is home and doing fine and we are very happy for her and Joe.

**ROSS AND** Becky Guess, son and daughter-in-law of Reba and Buster Guess, are expecting their first baby around Christmas. Congratulations to you too!

**MOTHER'S DAY** was an exceptionally beautiful day, just too pretty to stay inside. Many did yard work, rode motorcycles and many lined the creek banks with their fishing poles. Valerie McClendon and her three children were part of the latter group. But they weren't interested in catching fish to eat. The children caught seven sun perch for their aquarium! At last report the fish were doing fine and seemed to like their new home. Only one thing concerned Valerie, and that was finding something for them to eat. She said they had not taken to dry dog food too well!

**AN INCIDENT** at the Trimble's put a little excitement in the air on Mother's Day. Some young fellow was coming up the hill from the boxcar and lost control of his car, running head-on into the corner fence post on Doyle's lot. The post was damaged slightly, but the fellow's car was really banged up. Several formed a posse to look for him, but he got out of the canyon before anyone could catch him.

**CONGRATULATIONS** to Carla Jordan, daughter of Bill and Pat Jordan, who will be

graduating from Ozark Bible College Thursday, May 25. Bill says she will be home working this summer, possibly at the Big Texan.

**RANDY** Carthel traveled to Albuquerque last Friday to race and won third place on his Fenton. The track was muddy and he had a pretty rough time just placing third. This weekend he will race at the Speed Bowl, and we know he will do well.

We were a little short on Palisade News this week, but with summer coming everyone taking trips, news should be looking up considerable. Don't forget the picnic Saturday at 6:30 p.m. And if it rains, well—?

## Lake Tanglewood News

**SATURDAY WILL BE** election day in Lake Tanglewood Village. Residents may vote all day in the Clubhouse for mayor and aldermen. Those running for Mayor are Tom Badrow and Nelson Cash. Aldermen Candidates are Paula Gray, Sam Hunter, Jody McBrayer, Eldon McNabb, G. M. Mounger, Buddy Owens and J. D. Trice. **IN CHURCH NEWS** this week it was reported that 30 more people joined the Lake Tanglewood Community Church last Sunday. Special music for the Mother's Day service was provided by the youth choir, directed by Judy Fletcher. This youth choir has at present 17 members who meet each Saturday afternoon at Judy's for practice. Last Sunday they sang four songs, and did an outstanding job.

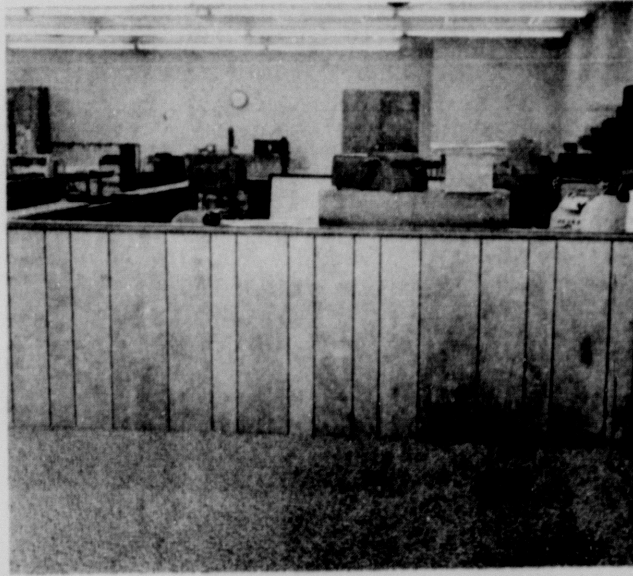

**MOTHER'S DAY ACTIVITIES** dominate the Tanglewood news this week. Jan Cash attended a luncheon in Plainview which was given by her daughter's sorority.

**MARGIE** TAYLOR AND her daughter-in-law attended a Mother's Day Luncheon last Friday at the Quality Motel for members of the Theta Phi Chapter of Beta Sigma Phi. Each

glasses. Finally Sunday before last, Dorothy's little grandson, Cody, was being inquisitive and found the glasses in the couch. The world looks so much brighter now! (actually he bought another pair soon after he lost his others!)

**REMEMBER THAT LAW** that says a trout line must have the owner's name on it? Well, apparently it takes more than a name on it to keep the game warden from cutting it, or at least this has been the experience of Sam Hunter who has had one of his cut! Really he did have his name on it, but the rain must have washed it off. Better luck next time, Sam!

**I'D LIKE** to thank Claudine Van Doran and Lorene Walker for the fine job they are doing in turning in Lake Tanglewood news. I'm sure their neighbors appreciate it too, so keep up the good work.

Hope each and every one of you Mother's had an exceptional day last Sunday. You Certainly deserve it.

## Softball Tryouts Set For Saturday

Team selections for the Canyon Kiwanis softball teams will be made at 11 a.m. Saturday at the Girls Softball Diamond.

The meeting, scheduled last Saturday, was cancelled because of rain.

All girls between the ages of 12 and 14 who wish to try out for the teams should be present at the meeting, according to Commissioner George Blackwell.

Regular season play will begin June 6 and end July 4.

A second try-out for the teams will be held at 11 a.m. June 3, Blackwell said.

Coaches for the four teams will be Nelson Vaughn, George Bertisher, David West and James Davis.

The event will be held at Amarillo College Student Union Building at 2 p.m. Saturday.

Each national sorority has a table set up with certain items

I would personally encourage every high school senior girl to attend...and mother will enjoy it too (after all parents usually foot the bill).

If you could go and don't, I believe you are missing an opportunity. You see, the forum is put together especially for you; it takes a lot of work. And it will help you decide whether sorority life is for you or not...give it a chance, I personally believe most of you will love it!

**A CLEVER CAPSULE** given to Amarillo convention goers features **DOPE**. Dope on **AMARILLO** that is.

The clear capsule has enclosed a small yellow sheet that reads "dope" only until opened up. It then tells of Palo Duro Canyon, "TEXAS", the Amarillo Civic Center, and other places of interest.

**A WEDDING INVITATION FROM CALIFORNIA** came in the mail this week. It is a letter size ivory sheet which is edged with a circle of white daisies with gold centers.

greener, and entwined romantically with pink ribbon.

At the upper left is...the way is peace, the road is love. Centered in the invitation which reads: Our parents join with us, Michael Casey and Lynette Olsen, in inviting you to our wedding celebration. It will take place...We hope to see you there. And, is signed with the couple's first names.

This is a beautiful break from tradition that I thought others might enjoy reading. It includes both parents, which I like, as well as the couple joining to invite their friends to their wedding.

Other couples throughout the

nation come up with clever, more personal invitations to their special events no doubt...and others will follow.

**THE HERITAGE WOMEN'S CLUB** won as many honors on the state level as any other junior club in Texas it was announced Monday night. A story on the awards is found elsewhere in The News. Congratulations group!

**Last week's recipe, featuring soup as a sauce was deleted because of lack of space. Here it is for your dining pleasure.**

**HERE IS A recipe** from my own collection that is simply delicious. Serve it to family or guests alike...I guarantee compliments. It does use a soup, by the way...And, it's quick and easy.

(This recipe is given by request.)

Residents Mark Mothers Day; Junior Rodeo Set For Weekend

By MARY NEAL HENRY

IT WAS AN uneventful Mother's Day - Thank Heaven! I am reminded of Mother's Day six years ago when Angelique was only one. Dr. Boswell and Dr. Nester pumped her stomach out that day after she ate all kinds of treated seed, hot pink maize seed, bright green sudan seed. We spent the night in the hospital.

Going somewhere? Or been? The Canyon News wants to know about it--and so do its readers.

**KISKA ROGERS WATSON** was honored with a bridal shower on Wednesday of last week in the dining hall at Hidden Falls Ranch. Diana Campbell and Janis Irby served. Susie Reed registered guests. The centerpiece was a beautiful wooden salad bowl with serving fork and spoon also of wood standing in it and other kitchen utensils (I noticed an egg beater, bottle opener, biscuit cutter, steel scratcher, potato peeler, and ice pick) surrounded by blue net. The four individual salad bowls were the nut and mint containers. The corsages of the party were also kitchen utensils on blue net. These added a rubber spatula, measuring cups and spoons, etc. to the list of prizes and some of them were on hot pads, and dish rags. Hostesses for the event were Geneva Sutton, Bernice Hamblen, Montene Stevens, Doreen Modisette, Betty Staat, Irice Beeks, Aline Watson, and Letha Adams. Those who called during the afternoon were Estelle Rogers, Micky Woods, Winnie Bryan, Ola Rogers, Sue Reed, Janis Irby, Dianne Campbell, Lila Vick, Linda Watson, Aline Watson, Kytrena Watson, Sherrie Beeks, Betty and Cheryl Johnston, Donna Bryan, Othella McGeehe, Lamoine Schrib, Mrs. Chester Burnett, Marian Robinson, Debi Goodin, Peggy Johnson, Jeanetta McNeill, Mrs.

**ALICIA RAY AIRHART**, bride-elect of David Scott Pool, was honored with a bridal shower Saturday at Gracie Tirey's. Sheri, Angelique and I were met at the door by Gracie, Yvonne, and Mrs. Pool. Later we found out both grandmothers, Mrs. L. L. Airhart and Ella Hext were having punch. Elaine Seaton, a long time friend of Yvonne's, registered guests. Kay Hinchey, whom Alicia met when they were both Grand Officers in Rainbow, served us punch. The center piece was of blue flowers in a hanging bird cage, a gift from Mary Womack. It was beautiful. Hostesses working while we were there included Mrs. Vondell Killingsworth and Ruth Holiday.

There were about fifty. The rest so far as we know were local. Lovely shower!

Mrs. Murray Leith of 208 Nena, has been named president of Eta Epsilon Chapter of Epsilon Sigma Alpha International for the year 1972-1973, succeeding Mrs. Mike Green of Amarillo.

Mrs. Murray Leith

**AMONG AMARILLO COLLEGE** graduates were H. J. Greenfield who was awarded an Associateship in Mid-Management Technology; and Joyslyn Lane who attained an associateship in science and certificate in photography. J. J. Lane attended the graduation and so did Wiley and Irene James.

Jeanne Parker won the Intermediate; Debbie Parker, 2nd; and Lisa Foster, third. Curley Selvidge judged the posters. Angelique got off the bus crying her heart out. She thought she had lost her \$3 prize money. (But Sheri had it in her note book.) It took me five minutes to calm her down and find out where she got the \$3. She was surely upset.

**HOBBART MCMANIGAL** WAS honored with a steak supper on his birthday Monday night. And then the men played "42". Anna Mae tells me that they figured up last Monday night by just talking that she has

Other officers for the coming year are: vice-president, Mrs. James Stowe; secretary, Miss Dorothy Wood; treasurer, Mrs. Jack Hardin, educational director, Mrs. Frank Matthews.

**E.S.A.** is a philanthropic and social organization with worldwide membership. Projects of Eta Epsilon Chapter this past year have been camp Wigwam, Muscular Dystrophy, Multiple Sclerosis, and the March of Dimes. Mrs. Green was recognized as one of the ten outstanding E.S.A.s for her philanthropic work at the recent Texas State Convention of E.S.A. in Fort Worth on May 4, 5, 6, and 7.

Mrs. Leith will preside over her first meeting Tuesday, when Mrs. Charles H. March and Mrs. Jim Laird will become full, or jewel-pin, members.

been giving these parties for Hobart for 38 years. This year Dixie McManigal, daughter-in-law of Canyon, and Johnny Wilson, a neighbor, helped her. Helping celebrate were Ernest White, O. H. Rahlfs, Pat Maynard, Bob Francy, John Butler, Dick Rallsback, John Toles, all of here; Goose Ramey of Dimmitt; Boone McClure, Glen Dowlen, Vernon Harman, Conway Kuykendall, Mack White, Hobie McManigal all of Canyon; T. L. Fore, Fowler E. McDaniel, John Brown, and H. L. Rowell, Jr. all of Tulsa.

**I SERVED JAYCEE-ETTES** last week. I thought we'd be blown away before the meeting was over on Tuesday of last week. Sara Tirey conducted a very calm organized meeting. She appointed the following chairmen: Scrapbook, Dottie Foster; Programs, Jeanne Johnson; Socials, Susan Rahlfs, Yearbook, Skip Simons; Telephone, Betty Stockett and Lynn Ritter; Awards, Dottie Foster; Birthday Girl, Donna Bryan; Betty Crocker Coupons, Judy Shipman; Ways and Means, Della Venhaus; Green Stamps, Kaye Venhaus; and Membership, LaVenna Jackson. They adopted a new program known as the "Gal Program" designed to help new members earn their Spoke Awards. Judy Shipman gave a report on the Senior Citizen Project and "How To Fill Out A Project Report Form". It is equivalent, almost, to filling out your income tax. The Jaycee-ettes have agreed to sponsor the Senior Citizen Luncheons. They may be calling on your group in the near future. Jeanne Johnson, Kaye Venhaus, Susan Rahlfs, Skip Simons, Della Venhaus, Judy Shipman, Donna Bryan, Skip Simons, Dottie Foster, Lynn Ritter, Joy Freeman, Sara Tirey and I were there. Those voting delegates who are lucky enough to attend the State Convention at Corpus Christi this week-end go uncommitted.

**I ATTENDED THE SOCIAL EVENT OF 1972** last Saturday night. You shouldn't have missed it. Evelyn Dowd, Lola Bowe, Ruth and Alden Mann, Catherine Miller, Pauline Wesley and I attended Friendship Night in Canyon and ate a delicious salad supper before all that entertainment began. Santa Clark, Worthy Matron, welcomed the guests and Jim Cabe pronounced the invocation. The salad supper was at Canyon's beautiful new Junior High Cafeteria. Visited with lots of friends there. Then we went to Canyon's new Masonic Hall for the program, "The Social Event of 1972".

and was it ever! While they were setting the stage, we sang songs under the direction of Sweet Mama Dowlen and she ever patronizing in her praise for our beautiful singing. We sang all those old religious songs, like "Five Foot Two", "Daring Young Man On the Flying Trapeze" and a bunch of them. They finally brought out a bunch of wilted flowers and some pretty ones, too, in old paint cans, trash cans, etc. to decorate for this wedding that was about to take place or happen or whatever. The groom, Brother Jess Bewley, and his mother, Alma Perkins came in after Viva Cabe and Charlotte Evans had rolled out the "news-paper" carpet, and he was so nervous. He really did shake all over! Billy Mayfield of Station F-L-O-P interviewed him or at least tried. Everytime he asked Jess a question, his future Mother-in-law would answer it, and she DID have plans for him. Finally the wedding party all got there and Sister Marie Mayfield the Bride and Her parents, Sister Anna Wright and Brother Jack Parsons were with her. Best Woman was Allene Hardaway and Best Man Osce Parsons (in overalls) Parson Knott was Sister Nadine Lyles and she barely got them married between bites of do-nuts. She must have missed that good supper. Billy Mayfield was a Spy Guy, not an interviewer. Sister Naomi Bewley was the FUZZ, and Flower Children were Sister Mary Colclazer, Viva Cabe, Bettie Davis and Faye Byars, and Charlotte Evans. Charlotte couldn't find where to stand. Special Music for the program was provided by Bettie Davis, Jim Cabe, Clarence Adcock, and Reeves Donnell. They all sang on a different key. Some of the funniest parts were while they were trying to find their places in the script. Our sides ached. They even had a reception in the Foyer. And Punch poured out of a Silver pitcher (which was a big contrast), cookies served from a card board box, and mints right out of the can. Napkins were all the leftovers everyone could dig up. None of them had been used.

**CANYON EASTERN STARS** honored their Masons on this night and recognized those present. Several attended. Visitors included chapters from Happy, Tulsa, (Amos and Jettie Ratjen, Nadine Story and Hazel DuBois); Amarillo & 787, Tascosa, Bonita, A. E. Shirley, Hereford, Friona, Plainview's Vernia Mae and Clyde Williams, Glen and Lillian Lindsey of Silverton, and probably some others. They had a BIG crowd.

Demonstration Club met Tuesday morning at the Concord House for Coffee and cookies and then a tour. Those enjoying this were Lou

Doughtery, Kelly Hurst, Jo Hand, Phyllis Bryan, Barbara Danner and me. Joy Bryan and Betty Miller joined us at the cafeteria for lunch.

**HOW ABOUT THROWING** in spelling lessons, too, Margie? See u at Graduation. See ya, Mary Neal
